Voyage In Destiny Voyage In Destiny:

Voyage in Destiny Francesco Alessandrini, 2011-05-26 Every one of us has a destiny Writing this book is part of my destiny that places knowledge among the priorities of my work This text is dedicated to what the Masters of Light of high level have been transmitting to me for around three years Its main feature is to make man understand that we are at a moment in our history in which we need to return to true knowledge or more so to a way of seeing and interpreting the reality of creation which does not start solely from mans point of view but from a wider vision which comes from the spirit world This book talks about a re opening to a different way of knowing and begins to retrieve some aspects of this true knowledge Among them certain tools of knowledge shall be rediscovered such as the voyages of the mind in a non rational setting or intuition or the recognition and interpretation of signs which a wider reality continually shows us The main features of human knowledge will be analyzed its limits its openings and the urgings it is subjected to in order to continuously exceed itself miracles the sense of mystery It attains the understanding of what should be true knowledge the use of the symbol and the possibility of fitting into a time which is beyond the linear time we are so used to Some aspects of this knowledge such as the mental and energetic dynamics of thought a new concept of truth a new concept of the relationship between good and evil love death union and path will be introduced This book should entice us to intuit the existence of a much vaster Creation than the one we are used to and to lay the basis for a more correct interpretation of it

Destiny's Obligation J. Kannegieter, 2004 We are intuitively interested in the history and future of human civilization Most people sense that the distant future will not be determined by fantastical circumstances sometimes depicted in contemporary Science Fiction but rather by decisions made by us and our descendants *Destiny's Obligation* is a realistic tale of intense drama on Earth and in Space set in the 29th century when typical human fallibility and selfish territorial interests have destroyed civilization in most places The principals are part of a group of space travelers who return to Earth after a 600 year voyage to a nearby star system What these descendants of the original explorers find is as much a surprise to them as it will be to the reader They cannot leave and must first deal with the aggressive inhabitants of a large earth satellite They visit Earth eventually and play a significant role in defeating the feuds that are threatening the survival of human society everywhere

Destiny's Journey Alfred Döblin, 2019-08-16 *Destiny's Journey* is a memoir reconstructed partly from notebooks that Döblin kept from the time he worked in the French Ministry of Information in the spring of 1940 and partly written without notes in Los Angeles where he took refuge during the Second World War It tells the personal and generational story of the flight of Jewish and anti Nazi intellectuals from Europe to America their fear and frustration isolation and inability to work Döblin's story differs from that of other Jewish intellectuals and artists in that his family converts to Catholicism in Los Angeles Unlike most of them he returns to Europe as an officer with the French forces and works on denazifying German literature The conversion narrative bridges the departure from and return to Europe To critic

John Simon the latter part of the book often reads like a shrill piece of Christian homiletics But even this is not without interest as it traces the transformation of an anarchic outsider into a dogmatic insider The first part of *Destiny's Journey* about D blin s departure from Paris in 1940 is magisterial acidly observed saturated in telling detail grimly comic and harrowing with an exemplary introduction by Peter Demetz an important nourishing book John Simon The New York Times

Destiny's Voyage Bob Love, 2006-06 They say fact is stranger than fiction This is a book of just such an event History chronicles only one RMS Titanic but in reality there were two The one we all know that struck the iceberg on her maiden voyage on April 14 1912 A mighty luxurious steamship intended to be the White Star Line's new Queen of the Atlantic Ocean trade between England and America The other was actually the first of the White Star Line's evolution into the luxury liners with the SS *Atlantic* Almost to the day 29 years earlier on April Fools Day 1873 she ran hard aground on the Nova Scotia coast causing the loss of a higher percentage of her souls than her descendent The unique factor being only the fittest survived leaving the souls of all the women and but one child buried with her at the bottom of the sea The book will take you on a voyage that will cause you to reflect upon your own mortality and how the events in your life play a roll in your own destiny Events that can be playing out by persons you do not even know work their way along a path until circumstances throw you together at a common place and time as though preordained culminating in a tragedy such as the two sister ships of the White Star Line Like father like son both made decisions based on mirrored motivations both with tragic results You will witness the actual words of the cast including their testimony at the Inquiries at Halifax and Liverpool You will be the jury in forming your own opinions as to the

real cause and who carries the primary guilt of responsibility It s a voyage you should book passage on for enhancing your sensitivity to predestination *The Mysterious Ritual Enclosed in the Phaistos Disc and the Kernos Stone* Roberta Rio,2012

Sometimes there are places that we find particularly attractive places where we want to stay because something that is beyond our understanding calls to us What I am about to describe to you belongs to this type of situation The Phaistos Disc is a mystery It belongs to that group of objects which are not interpretable through the classic historical archaeological method The Kernos Stone however is not considered to be a mystery it is simply thought to be a surface for offerings For traditional scholars it is obvious what unites the Phaistos Disc to the Kernos Stone they are both artifacts that belong to the archaeological heritage of Crete Nothing more But if we link these two objects in our imagination and indeed put one on top of the other perhaps in the same place and at a specific day of the year we would not only get the solution to an enigma but also the magic combination to open the mystery that unites them and encloses them an ancient ritual in which they were used together
