Voyage en Italie (English Edition) François-René de Chateaubriand, 2015-11-28 Voyage en Italie François René de Chateaubriand A translation into English by A S Kline Published with selected illustrations Chateaubriand's Voyage en Italie describes his Italian travels in the years 1803-4 during the first of his visits to the country From France he crossed the Alps to Rome and its environs from which he subsequently travelled to Naples where Vesuvius Baiae and Pompeii figured amongst the sights he visited His knowledge of the Classical world informs his wanderings among its ruins and he enjoys the poetry of the picturesque while reflecting on the grandeur of the past Rome for him represents a meeting of the Classical and Christian worlds magnificent but in many ways a hollow tribute to human vanity a theme he will revisit in his later travels to Greece the Levant and the Holy Land Naples represents a more picturesque and vibrant Italy Articulating both cultural quest and voyage for pleasure Chateaubriand writes of his journey as a tourist rather than a scholar or adventurer penning the work in the form of letters derived from his travel notes and designed for his interested friends Here he mingles personal memories with aesthetic and historical perceptions against the background in which he is most at home the European heritage the works of the great poets landscape and ruins allowing him to muse freely on transience the human voyage and on beauty found or created This and other texts available from Poetry in Translation www.poetryintranslation.com

Venice, the Tourist Maze Robert C. Davis, Garry R. Marvin, 2004-06-25 The tourist Venice is Venice Mary McCarthy once observed a sentiment very much in line with what most of the fourteen million tourists who visit the city each year experience but at the same time a painful reality for the 65 000 Venetians who actually live there Venice is viewed from a new perspective in this engaging book which offers a heady one city tour of tourism itself Conducting readers from the beginnings of Venetian tourism in the late Middle Ages to its emergence as a form of mass entertainment in our time the authors explore what happens when today's industrial tourism collides with an ancient and ever more fragile culture Giving equal consideration to those who tour Venice and those who live there their book affords rare insight into just what it is that the touring and the toured see experience and elicit from each other

Literature and Identity in Italian Baroque Travel Writing Nathalie Hester, 2008 This first full length study in English on seventeenth century Italian travel writing enriches our understanding of an unusually fertile period for Italian contributions to the genre The intrinsic qualities of this literature can now be grasped in terms of the larger question of cultural identity in Italy For Hester the specifically literary characteristics of Italian travel writing including its humanism or Petrarchism highlight the classic eminence throughout Europe of a prestigious tradition inherent to Italy one compensating then for the peninsula's lack of a national political identity
