and to accept the unseen I realize that my story and the fact that aliens and fairies do exist sounds rather unbelievable but read my book follow the path the reasoning of how I learned to overcome my fears and understand that the result was a peace a knowing that we are not alone in our reality that there are unseen beings guides are another term that are present to enlighten protect and serve I close this book description the way I close all my journal entries with the salutation Namaste defined through WIKPEDIA as I respect that divinity within you that is also within me Namaste Suzy Graf Suicide Jon Klimo, Pamela Rae Heath, 2006-06-12 This provocative study explores what happens to those who commit suicide Drawing on communications from the spirits of more than 100 successful suicides it offers an intriguing look at what the dead themselves say about suicide its repercussions and their experiences in the afterlife Bringing together the channeled messages of three types of suicide traditional suicide assisted suicide and the suicide mass murder adopted by terrorists the book covers a wide range of topics including why people commit suicide what it is like to cross over adjustment problems what suicides would say to those left behind and what they would tell others thinking of taking their own lives Additionally the book conveys powerful messages from suicide bombers warning potential terrorists of the serious karmic consequences that await them For anyone contemplating suicide or euthanasia the book offers profound sometimes unsettling insight into the ramifications of these acts

Seres de luz y entes de la oscuridad Lucy Aspra, 2007-08-31 De verdad no estamos solos y los ngeles nos protegen con su luz celestial De Lucy Aspra experta a nivel internacional en temas de ngeles y seres espirituales Las rigurosas investigaciones de Lucy Aspra sustentadas por una bibliografía espléndida y una escritura clara y envolvente sorprenden no sólo por sus revelaciones sino también por su extraordinaria capacidad para situar en su justo lugar a las presencias luminosas y a las entidades del mal La autora de Seres de luz y entes de la oscuridad cierra una de las investigaciones del mundo sobrenatural más impactantes de los últimos años iniciada con ngeles y extraterrestres y Batalla cósmica publicados por Alama en este tercer volumen nos enseña a reconocer la presencia y los prodigios de los ngeles el maravilloso poder de la oración y la forma en que fuerzas negativas a veces se manifiestan a través de los duendes y los extraterrestres Analiza el propósito de los mensajes subliminales y la manera de sobreponerse a sus efectos nocivos hace un recuento de energías subterráneas y deidades peligrosas para concluir con una reflexión sobre el amor y su energía vital No hay duda de que esta obra estremecerá a los lectores y los obligará a una reflexión profunda para advertir que los brujos extraterrestres las posesiones demoníacas y los exorcismos no son sólo una macabra fantasía
