

Where The Heart Is Book

Jeffrey L. Kosky

Where The Heart Is Book:

Home Is Where the Heart Is Linda Byler, 2018-05-01 Join Amish writer Linda Byler on a trip into a world few are allowed to visit the world of Amish romance Hannah feisty and independent as ever has put everything into building up her family's homestead in North Dakota Despite tragedy and almost unimaginable hardship due to the Great Depression unpredictable weather and unforgiving landscape she and her new husband Jerry are leading their Amish friends and family in their homesteading venture When the winter storms and the untimely death of a child become too much for the rest of the community to bear they move back east But Hannah and Jerry stay on doggedly pursuing Hannah's dreams of a successful ranch But even Jerry's spirits begin to fail and when a flag of grasshoppers destroys every last morsel of vegetation after yet another drought Hannah finally relents and they too return to the fertile soil of Pennsylvania where life will be safe and predictable Or so they think but when tragedy strikes again Hannah is suddenly a widow in a place that no longer feels like home and with family who cannot grasp the depth of the losses she has experienced Hannah grapples with her faith struggling to understand who she is and where she belongs Always before a flash of anger or defiance had fueled her strong will in the face of adversity and allowed her to push on toward her goals But what did she have left to fight for now Slowly painfully her heart begins to change As she begins to reclaim her faith and her strong sense of self she also starts to notice a handsome burly man who is unlike anyone she's known before Is it possible she could find love again in Lancaster What will it take for her to feel like she's home like she finally belongs somewhere

Where the Heart Is Glenice Crossland, 2019-11-28 Previously published as *The Ever Open Door* this is a story told with warmth and humour about a hard working down to earth community in a small Yorkshire town during the Second World War and its aftermath Yorkshire 1940 Kind Sally Butler and her husband Jim are content in their little house on Potters Row Jim's only complaint is that Sally is too soft hearted always at the beck and call of any neighbour friend or even stranger Sally on the other hand accuses Jim of being a soft touch for anyone after a drink or two at the Rising Sun Both accept that neither will ever change and they love each other and their daughter Daisy deeply Theirs is a close knit family in a close knit community where gossip both good and bad abounds and neighbour looks out for neighbour And when Sally's generosity leads to an inheritance it should mean a change of life for the better instead it brings danger and difficult choices for them all

The Book of the Heart Eric Jager, 2000-08 In today's increasingly electronic world we say our personality traits are hard wired and we replay our memories But we use a different metaphor when we speak of someone reading another's mind or a desire to turn over a new leaf these phrases refer to the book of the self an idea that dates from the beginnings of Western culture Eric Jager traces the history and psychology of the self as text concept from antiquity to the modern day He focuses especially on the Middle Ages when the metaphor of a book of the heart modeled on the manuscript codex attained its most vivid expressions in literature and art For instance medieval saints legends tell of martyrs whose hearts recorded divine inscriptions lyrics and romances

feature lovers whose hearts are inscribed with their passion paintings depict hearts as books and medieval scribes even produced manuscript codices shaped like hearts The Book of the Heart provides a fresh perspective on the influence of the book as artifact on our language and culture Reading this book broadens our appreciation of the relationship between things and ideas Henry Petroski author of The Book on the Bookshelf Wal-Mart World Stanley D. Brunn, 2006 Now that Wal Mart has conquered the US can it conquer the world As Wal Mart World shows the corporation is certainly trying For a number of years Wal Mart has been the largest company in the United States Now though it is the largest company in the world Its global labor practices and outsourcing strategies represent for many what contemporary economic globalization is all about But Wal Mart is not standing still and is opening up stores everywhere From Germany to Beijing to Mexico City to Tokyo more than a billion shoppers can now hunt for bargains at a Wal Mart superstore Wal Mart World is the first book to look at this incredibly important phenomenon in global perspective with chapters that range from its growth in the US and impact on labor relations here to its fortunes overseas How Wal Mart manages this transition in the near future will play a significant role in the determining the character of the global economy Wal MartWorld s impressively broad scope makes it necessary reading for anyone interested in the global impact of this economic colossus **From the Heart** Jeffrey L. Kosky, 2025-02-25 What does it mean to have a heart How does it feel when a heart fails and what does it take to recover In a world beset by never ending crises personal and collective local and global is heartlessness the only option From the Heart weaves together a personal narrative of a life threatening ailment with considerations of philosophy art and science to contemplate ultimate questions matters of life and death Jeffrey L Kosky recounts his brush with death the surgical repair of a congenital defect in his aortic valve his gradual recovery of everyday life and his struggle to find the heart to go on throughout it all To make sense of the experience he immerses himself in humanistic inquiry and medical science the histories of medicine cardiac surgery and knowledge of the human heart as well as the works of artists writers philosophers and theologians Writing about the experience of being human from the precarious position of his own woundedness Kosky shares hard earned perspectives on what matters most Combining moving memoir encounters with major authors and artists and heartfelt reflections on the big questions of existence this elegantly written book is at once erudite and powerful It shows us why the heart in physical emotional and metaphorical senses helps us come to terms with sickness and health dying and living **The Oprah Affect** Cecilia Konchar Farr, Jaime Harker, 2008-10-16 The Oprah Affect explores the cultural impact of Oprah s Book Club particularly in light of debates about the definition and purpose of literature in American culture For the critics collected here Oprah s Book Club stands in the context of American literary history not as an egregious undermining of who we are and what we represent as some have maintained but as the latest manifestation of a tradition that encourages symbiotic relationships between readers and texts Powered by women writers and readers novels in this tradition attract crowds sell well and make unabashed appeals to emotion The essays consider the interlocking issues of affect affinity

accessibility and activism in the context of this tradition Juxtaposing book history reading practices literary analysis feminist criticism and communication religious political and cultural studies the contributors map a range of possibilities for further research on Oprah s Book Club A complete chronological list of Book Club picks is included **Wellbeing and the Worshipper** Mohamed Safiullah Munsoor,2021-05-04 This is a rare piece of empirical research which reveals the workings of a spiritual order its leadership as well as their approaches methods and tools It demonstrates how the seekers who were partly drug addicts and HIV patients and the general segment of this Order have been able to positively transform themselves A multidisciplinary approach enlightens the analysis and discussion by bringing together spirituality psychology neuroscience as well as organisational development to produce a rich tapestry of first hand insights This book provides an integrated approach to understanding the landscape of a spiritual order primarily using a mixed method and a holistic approach with a particular focus on Islam Qualitative examples include interpretivistic phenomenological approaches and neuro linguistic programming The book highlights the positive impact of worship by providing practical guidance and suggestions on how to spiritually improve oneself This dualistic approach generated a working model for spiritual leadership and self development The unsuspecting but important link of spirituality to the United Nations sustainable development goals SDGs is highlighted and discussed which needs to be factored into the global development narrative The text is primarily for researchers yet has a secondary use for students and general readership given the comprehensive review establishing a conceptual framework for worship and morality *Where the Heart Is* Eric Foster Rhodes,2009-10-19 As a management consultant I traveled seven million miles visiting clients in thirty seven seven states In the course of these travels and in everyday life I observed many phenomena of our country and our society which I wished to record and poetry seemed to me to be the way to do it Later reviewing the vast number of these interpretations of life and love I chose the poems in this book for my first published collection for no good reason except that I opted to save poems about business and office life and politics and war and more about love and dogs for future collections I hope you enjoy these They are from *Where the Heart Is*

A Pocket Book of Physical Diagnosis of the Diseases of the Heart and Lungs, for the Student and Physician Edward Tunis Bruen,2025-08-07 Reprint of the original first published in 1883 The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage *Living in the Heart — enhanced digital edition* Drunvalo

Melchizedek,2017-03-20 This enhanced digital edition includes audio of the Guided Meditations for the Heart Long ago we humans used a form of communication and sensing that did not involve the brain in any way rather it came from a sacred place within our hearts What good would it do to find this place again This is a book of remembering You have always had this place within your heart and it is still there now It existed before creation and it will exist even after the last star shines its brilliant light At night when you enter your dreams you leave your mind and enter the sacred space of your heart But do

you remember Or do you only remember the dream Why am I telling you about this something that is fading from our memories What good would it do to find this place again in a world where the greatest religion is science and the logic of the mind Don t I know where emotions and feelings are second class citizens Yes I do But my teachers have asked me to remind you who you really are You are more than just a human being much more For within your heart is a place a sacred place where the world can literally be remade through conscious cocreation If you really want peace of spirit and if you want to return home I invite you into the beauty of your own heart With your permission I will show you what has been shown to me I will give you the exact instructions to the pathway into your heart where you and God are intimately one It is your choice But I must warn you Within this experience resides great responsibility Life knows when a spirit is born to the higher worlds and life will use you as all the great masters who have ever lived have been used If you read this book and do the meditation and then expect nothing to change in your life you may get caught spiritually napping Once you have entered the light of the great darkness your life will change eventually you will remember who you really are
