Black Heart Boys' Choir Curtis M. Lawson, 2019-09-08 Great art demands sacrifice. Lucien Beaumont is a teenage misfit and musical prodigy ostracized by his peers and haunted by familial tragedy. When he discovers an unfinished song written by his dead father, a song that holds terrible power, Lucien becomes obsessed. As he chases after the secret nature of his father's music, the line between gruesome fantasy and real-life violence begins to blur. To complete his father's work, Lucien believes that he and his group of outcast friends must appease a demonic force trapped within the music with increasingly sadistic offerings. As things spiral out of control, he finds that the cost of his art will be the lives of everyone around him and perhaps his very soul.

Flann O'Brien and the European Avant-Garde, 1934-45 Tobias William Harris, 2025-01-23 Crossing the boundaries of a single author study, this book uncovers Flann O'Brien's attempt to forge a commercially successful Irish literary project from international avant-garde influences. Situating O'Brien's early work within a global context, the book uses new evidence of his collaborations to reimagine him as a networked writer. O'Brien drew upon experimental techniques to generate new categories of writing, rethink Irish culture, and reach a wide audience. This study illuminates a network of cultural production around O'Brien, linking his work to English comic magazines, Dadaist photomontage, Expressionism, Central European theatre, and renowned writers like Jorge Luis Borges and Franz Kafka. By re-examining Flann O'Brien within the context of the momentous global political and cultural crises that spurred avant-garde experimentation, the book also rewrites the cultural history of Ireland in the 1930s and 1940s.

Three Pianos Andrew McMahon, 2021-10-26 From beloved indie musician Andrew McMahon comes a searingly honest and beautifully written memoir about the challenges and triumphs of his life and career as seen through the lens of his personal connection to three pianos. Andrew McMahon grew up in sunny Southern California as a child prodigy learning to play piano and write songs at a very early age, stunning schoolmates and teachers alike with his gift for performing and his unique ability to emotionally connect with audiences. McMahon would go on to become the lead singer and songwriter for Something Corporate and Jack's Mannequin and to release his debut solo album, *Andrew McMahon in the Wilderness*, in 2014. But behind this seemingly optimistic and quintessentially American story of big dreams come true lies a backdrop of overwhelming challenges that McMahon has faced from a childhood defined by his father's struggle with addiction to his very public battle with leukemia in 2005 at the age of twenty-three, as chronicled in the intensely personal documentary *Dear Jack: Overcoming Those Odds*. McMahon has found solace and hope in the things that matter most, including family, the healing power of music, and the one instrument he's always turned to: his piano. *Three Pianos* takes readers on a beautifully rendered and bitter-sweet American journey, one filled with inspiration, heartbreak, and an unwavering commitment to shedding our past in order to
