**Wrestling in the Daylight** Brant Rosen, 2017 A selection of posts from the author's blog Shalom Rav Wrestling in the Daylight, 2nd Ed Brant Rosen, 2017-01-09 Wrestling in the Daylight is an insightful conversation on Zionism initiated by Rabbi Brant Rosen a prominent Jewish activist from Chicago on his social justice blog Shalom Rav After Israel's brutal military attack on Gaza in 2008 2009 Rosen began to question his lifelong Zionist beliefs Unlike the biblical Jacob who wrestled with his conscience in the dark of night Rosen chose to wrestle in the daylight with this issue through many thoughtful essays on his blog In this selection of content from Shalom Rav Rosen includes both his own posts and those of his online commenters granting readers unique insight into the largest controversy facing the American Jewish community today In the new introduction he has written for this second Edition Rosen updates the story of the wrestling that both he and the American Jewish community have undertaken in recent years **Zionism and the Quest for Justice in the Holy Land**

Donald E. Wagner, Walter T. Davis, 2014-07-01 A critical examination of political Zionism a topic often considered taboo in the West is long overdue Moreover the discussion of Christian Zionism is usually confined to Evangelical and fundamentalist settings The present volume will break the silence currently reigning in many religious political and academic circles and in so doing will provoke and inspire a new challenging conversation on theological and ethical issues arising from various aspects of Zionism a conversation that is vital to the quest for a just peace in Israel and Palestine The eight authors offer a rich diversity of religious faith academic research and practical experience as they represent all three Abrahamic faiths and five different Christian traditions Among the many themes that run through Zionism and the Quest for Justice in the Holy Land is the contrast between exclusivist narratives both biblical and political and the more inclusive narratives of the prophetic Scriptures which provide the theological foundation and the moral imperative for human liberation Readers will be drawn into a compelling readable and stimulating series of essays that tackle many of the complex issues that still confound clergy politicians diplomats and academic experts Days of Awe Atalia Omer, 2019-05-21 For many Jewish people in the

mid twentieth century Zionism was an unquestionable tenet of what it meant to be Jewish Seventy years later a growing number of American Jews are instead expressing solidarity with Palestinians questioning old allegiances to Israel How did that transformation come about What does it mean for the future of Judaism In Days of Awe Atalia Omer examines this shift through interviews with a new generation of Jewish activists rigorous data analysis and fieldwork within a progressive synagogue community She highlights people politically inspired by social justice campaigns including the Black Lives Matter movement and protests against anti immigration policies These activists she shows discover that their ethical outrage at US policies extends to Israel's treatment of Palestinians For these American Jews the Jewish history of dispossession and diaspora compels a search for solidarity with liberation movements This shift produces innovations within Jewish tradition including multi racial and intersectional conceptions of Jewishness and movements to reclaim prophetic Judaism Charting the

rise of such religious innovation Omer points toward the possible futures of post Zionist Judaism **T&T Clark Handbook of Political Theology** Rubén Rosario Rodríguez,2019-10-03 The T and the contributors then build on previously discussed historical resources and methods to engage with contemporary issues and challenges emphasizing interreligious dialogue even while addressing concerns of relevance to a particular faith tradition The volume concludes with three essays that look at the future of political theology from the perspective of each Abrahamic religion Complete with select bibliographies for each topic this companion features the most current overview of political theology that will reach a broader global audience of students and scholars **Jews against Zionism: Voices for justice** Ayoub Issa Ayoub Abu Dayyeh,2025-04-13 In this biography of Jewish and Israeli humanists who are engaged in literature history journalism philosophy theology politics economics law education and the natural and applied sciences we tend to believe that they represent a group of 67 people who enjoy a humanist global way of thinking that is not intolerant of religion sect gender race or class but rather advocate of empathy humanity justice fairness compassion self determination human rights and the decent way of life for all We chose the title of the book Voices for Justice because justice transcends peace in that peace may be conditional on circumstances that may not achieve justice [Understanding Israel/Palestine](#) Eve Spangler,2015-06-28 The Israeli Palestinian conflict is the longest ongoing hot and cold war of the 20th and 21st centuries It has produced more refugees than any current conflict generating fully one quarter of all refugees worldwide Everyone knows that the Palestinian Israeli conflict is important itself and is also fueling tensions throughout the Middle East Yet most people shy away from this conflict claiming it is just too complicated to understand This book is written for people who want a point of entry into the conversation It offers both a historic and analytic framework Readers whether acting as students parishioners neighbors voters or dinner guests will find in these pages an analysis of the most commonly heard Israeli positions and a succinct account of the Palestinian voices we seldom hear I argue that human rights standards have never been used as the basis on which the Israeli Palestinian conflict should be resolved and that only these standards can produce a just and sustainable resolution This book will be useful for classes in Middle East studies peace and conflict studies Middle East history sociology of race and political science It can be helpful for church groups labor groups or other grass roots organizations committed to social justice and for all readers who wish to be informed about this important topic Professor Spangler s quest for historical and political understanding takes us on a brave and intimate journey into the consequences of Jewish privilege and Jewish victimhood the agendas of imperial superpowers and the Palestinian struggle for self determination Alice Rothchild MD author of Broken Promises Broken Dreams Stories of Jewish and Palestinian Trauma and Resilience and producer and director of documentary film Voices Across the Divide A sharp poignant well documented dossier that provides readers with all the most needed facts to grasp the conflict and get involved Sam Bahour co editor of Homeland Oral Histories of Palestine and Palestinians and business development consultant and activist based in Palestine T his one is exceptional It recounts a historical tale it provides

theoretical underpinnings it does comparative work it examines all the details and aspects of ongoing debates and it brings all to life with real life stories the wonder of this book is its insistence on hope not a naive idealistic hope but one accompanied by a tool box for concrete action that might right the wrongs of this tragic tale Anat Biletzki Professor of Philosophy Tel Aviv University and Albert Schweitzer Professor of Philosophy Quinnipiac University Chairperson of B Tselem 2001 2006 Eve Spangler is a sociologist and a human and civil rights activist For the last decade her work has focused on the Israel Palestine conflict she argues that human rights are the neglected standards that could lead to a just and sustainable solution

**The New Diaspora and the Global Prophetic** Susanne Scholz, Santiago Slabodsky, 2021-05-06 For four decades Marc H Ellis has sought to rethink the Jewish tradition in light of the prophetic imperative especially with regard to the need for geopolitical justice in the context of Israel Palestine Here twenty two contributors offer intellectual theological political and journalistic insight into Ellis s work connecting his theological scholarship to the particularities of their own contexts Some contributors reflect specifically on Israel Palestine while others transfer Ellis s theopolitical discussions to other geopolitical cultural or religious concerns Yet all of them rely on Ellis s work to understand the connections of prophetic discourses religious demands social movements and projects of social justice Paying particular attention to global racism sexism ethnocentrism white supremacy and current neocolonial practices the contributors also address minoritized liberation theologies the role of memory exile and forgiveness biblical hermeneutics and political thought In diverse and powerful ways the contributors ground their scholarship with the activist drive to deepen enrich and strengthen intellectual work in meaningful ways

'Thou Shalt Not Stand Idly By' Susan Landau, 2025-06-25 This volume is a timely and powerful collection of Jewish dissent against Zionism and the impact of Israeli statehood on the indigenous Palestinian population Bridging history politics theology and conflict studies this book traces a moral and intellectual tradition of resistance from within the global Jewish community one rooted in values of justice equality and compassion From early twentieth century critics like Ahad Ha am and Hannah Arendt to contemporary scholars rabbis journalists and activists the voices gathered here challenge the dominant narratives that conflate Judaism with Zionism As violence escalates in Gaza and misinformation clouds public understanding this book offers essential historical context and urgently needed counter narratives Through curated quotes essays and reflections it documents how generations of Jews have spoken out often at personal cost against militarism racism and settler colonialism In doing so it reclaims an ethical tradition that links solidarity with Palestine with all struggles for justice throughout the world This is an anti war anti prejudice book for anyone seeking clarity amid polarization In this unprecedented political moment it is an essential resource for educators activists faith leaders and all who value human rights By amplifying voices of conscience it deepens our understanding of Israel Palestine relations and reminds us of the enduring power of moral dissent

*Justice on the Cross* Kathleen Christison, 2023-03-09 At its heart liberation theology is a modern theology of resistance to the oppression imposed by colonialist and post colonialist systems

and even by churches that cooperate with secular centers of power to oppress the poor and disadvantaged. It is a grassroots social justice theology, a *cri de c ur* that seeks to give spiritual succor and hope to those living in seemingly hopeless circumstances. Palestinians, a people whose suffering has largely been forgotten by the world since Israel's establishment and who are most often stereotyped as extremists and enemies of Israel with no legitimate claim to their own homeland, are among the world's most marginalized populations. The small Palestinian Christian community, an indigenous population descended from Jesus's first followers, has created a liberation theology for the Palestinian context that reaches out to its own Christian faithful and their Muslim compatriots. This is a nonviolent political theological resistance that follows Jesus's teaching that God is present with all God's children and heeds Jesus's gospel injunctions to comfort the suffering and let the oppressed go free. For Palestinians, their very survival in the land is resistance to Israel's efforts to remove them, and liberation theology sustains their resistance. Jesus was the first liberation theologian.
