Tools For Radical Democracy How To Organize For Power In Your Community:

Tools for Radical Democracy Joan Minieri, Paul Getsos, Kim Klein, 2007-09-10 Tools for Radical Democracy is an essential resource for grassroots organizers and leaders students of activism and advocacy and anyone trying to increase the civic participation of ordinary people Authors Joan Minieri and Paul Getsos share stories and tools from their nationally recognized and award winning work of building a community led organization training community leaders and conducting campaigns that changed public policy and delivered concrete results to tens of thousands of people This how to manual includes In depth analysis of how to launch and win a campaign Tools and guidelines for training people to lead their own campaigns and organizations Insights for using technology effectively building more powerful alliances and engaging in the social justice movement

CHANGE! A Student Guide to Social Action Scott Myers-Lipton, 2017-12-06 This is the first practical social change text devoted to students working in an academic environment While there are many books about community organizing and social change there are no college texts focusing on how to provide real world experience with academic content taking into consideration the flow of the academic term *CHANGE A Student Guide to Social Action* is written specifically for faculty and staff to use with college students with the goal of helping students bring about the change they believe is necessary to make our community a better place to live

Organizing for Power and Empowerment Jacqueline B. Mondros, Joan Minieri, 2023-01-24 Through entirely new interviews *Organizing for Power and Empowerment The Fight for Democracy* features the voices and experiences of more than forty organizers telling the stories of twenty geographically and racially diverse progressive organizations The authors highlight how organizations use innovative new strategies like targeting corporate expansion operating at statewide levels building new structures for electoral action and establishing community labor coalitions to win on such critical issues as worker protections bail reform immigration climate change and affordable housing The book describes organizations working across a range of issues The organizers discuss campaigns that activate people around issues that matter in their daily lives work schedules bail reform schools voting and affordable housing and connect them to broader topics such as racial justice immigration climate change criminal justice and workers rights They share their thoughts on building community organizations and empowering ordinary citizens to become leaders The book underscores the leadership of Black Americans other people of color women and LGBTQ people as they lead campaigns to address the disparate effects of inequality faced by their communities It provides detailed analysis of the new and effective organizational structures and change strategies and sheds important new light on foundational organizing practices innovations and the challenges and opportunities for progressive social action today

Citizenship, Democracy and Higher Education in Europe, Canada and the USA J. Laker, C. Naval, K. Mrnjaus, 2014-06-23 *Citizenship democracy and human rights* have always been central to higher education and increasing globalization has amplified their urgency and complexity This volume explores conceptual theoretical and policy implications for post secondary education engaging with

these topics comparing the USA Canada Eastern Europe and Western Europe Populism, Democracy and Community Development Sue Kenny, Jim Ife, Peter Westoby, 2020-12-02 Using international perspectives and case studies this book discusses the relationships between community development and populism in the context of today's widespread crisis of democracy It investigates the development meanings and manifestations of contemporary forms of populism and explores the synergies and contradictions between the values and practices of populism and community development Contributors examine the ways that the ascendancy of right wing populist politics is influencing the landscapes within which community development is located and they offer new insights on how the field can understand and respond to the challenges of populism **Roots to Power** Lee Staples, 2016-02-22 The third edition of the manual for community organizers tells readers how to most effectively implement community action for social change clearly laying out grassroots organizing principles methods and best practices Written for those who want to improve their own lives or the lives of others this thoroughly revised how to manual presents techniques groups can use to organize successfully in pursuit of their dreams The book combines time tested universal principles and methods with cutting edge material addressing new opportunities and challenges It covers basic concepts and best practices and offers step by step guidelines on things an organizer needs to know such as how to identify issues formulate strategies set goals recruit participants and much more The work focuses on six organizing arenas turf geography faith based issue identity shared experience and work related It offers new or expanded material addressing community development use of social media internal organizational dynamics electoral organizing evaluation assessment and prevention of burnout for key leaders There are also nuts and bolts articles by experts who address topics such as action research lobbying legal tactics and grassroots fundraising Numerous case examples charts worksheets and small group exercises enrich the discussion and bring the material to life **The Sea Is Rising and So Are We** Cynthia Kaufman, 2021-06-29 The Sea is Rising and So Are We A Climate Justice Handbook is an invitation to get involved in the movement to build a just and sustainable world in the face of the most urgent challenge our species has ever faced By explaining the entrenched forces that are preventing rapid action it helps you understand the nature of the political reality we are facing and arms you with the tools you need to overcome them The book offers background information on the roots of the crisis and the many rapidly expanding solutions that are being implemented all around the world It explains how to engage in productive messaging that will pull others into the climate justice movement what you need to know to help build a successful movement and the policy changes needed to build a world with climate justice It also explores the personal side how engaging in the movement can be good for your mental health It ends with advice on how you can find the place where you can be the most effective and where you can build climate action into your life in ways that are deeply rewarding **The Wiley International Handbook of Service-Learning for Social Justice** Darren E. Lund, 2018-08-17 A comprehensive guide to service learning for social justice written by an international panel of experts The Wiley International Handbook of

Service Learning for Social Justice offers a review of recent trends in social justice that have been until recently marginalized in the field of service learning. The authors offer a guide for establishing and nurturing social justice in a variety of service learning programs and show that incorporating the principles of social justice in service learning can empower communities to resist and disrupt oppressive power structures and work for solidarity with host and partner communities. With contributions from an international panel of experts, the Handbook contains a critique of the field's roots in charity, a review of the problematization of Whitenormativity paired with the bolstering of diverse voices and perspectives, and information on the embrace of emotional elements including tension, ambiguity, and discomfort. This important resource considers the role of the community in service learning and other community engaged models of education and practice. Explores the necessity of disruption and dissonance in service learning. Discusses a number of targeted issues that often arise in service learning contexts. Offers a practical guide to establishing and nurturing social justice at the heart of an international service learning program. Written for advanced undergraduate students, graduate students, scholars, and educators. The Wiley International Handbook of Service Learning for Social Justice highlights social justice as a conflict-ridden struggle against inequality, xenophobia, and oppression and offers practical suggestions for incorporating service learning programs in various arenas.

CHANGE! Scott Myers-Lipton, 2022-02-23 *CHANGE: A Guide to Teaching Social Action* is for faculty staff and students who are interested in developing a college course or co-curricular experience using social action. Social action occurs when everyday people band together to develop their power in order to change policy. What distinguishes a social action class from other social change courses is that students are actively involved in enacting a policy change of their choice, thus providing students with a first-hand experience of democracy and power. As part of the social action class, students can start a new campaign, keep a campaign going from the previous semester, reactivate a campaign from a previous year, or join a community campaign. The goal of this book is to train the next generation of democratic citizens and participants. The hope is that if teaching social action is mainstreamed in higher education, students will be able to do democracy more effectively and help to preserve it at the same time. More specifically, the book provides an overview of the history of college social action, explores what needs to be considered before starting a social action class, explains how students choose their campaigns and launch them, and how students plan, implement, and evaluate their campaigns. **Macro Practice in Social Work for the 21st Century** Stephen Burghardt, 2010-06-02 This book provides a holistic vision for macro practice in the early 21st century. It argues very convincingly that effective macro practice requires a strategic vision grounded in values that integrates personal and community transformation. Burghardt provides a compass as well as other tools that macro practitioners can use to make significant social change. It promises to be a very useful resource for community and organizational practice in a number of fields. Lorraine Gutierrez, University of Michigan. [Social Work Practice with Groups, Communities, and Organizations](#) Charles A. Glisson, Catherine N. Dulmus, Karen M. Sowers, 2012-07-23 A solid theory to practice guide to

contemporary mezzo and macro social work Written by a renowned team of scholars Social Work Practice with Groups Communities and Organizations focuses on the contemporary theory and practice of social work Each chapter delves deeply into the key theoretical considerations surrounding a particular practice area exploring the clinical implications of each Spanning the full range of both mezzo and macro practice areas the authors thoroughly look at the assessment of and interventions with group community organizational and institutional settings The most authoritative book in this field Social Work Practice with Groups Communities and Organizations features A focus on evidence based approaches to assessment and intervention for each practice area discussed Comprehensive coverage of the most important new and emerging practice technologies in mezzo and macro social work Current and emerging demographic social political and economic trends affecting mezzo and macro practice An array of pedagogical aids including Key Terms Review Questions for Critical Thinking and Online Resources Content closely aligned with social work accreditation standards EPAS Providing a solid review of the entire scope of contemporary mezzo and macro social work practice Social Work Practice with Groups Communities and Organizations is both an indispensable educational text for students and a valuable working resource for practitioners who work with groups communities and organizations of all sizes

The Power of Legacy and Planned Gifts Kevin

Johnson,2010-03-25 The Power of Legacy and Planned Gifts provides practical knowledge and tools nonprofits need to connect with loyal donors resulting in a stream of future income that will sustain and advance their mission Filled with illustrative real world examples and cases as well as worksheets to guide the reader the book details a simple multi stage process for nonprofits to build a pipeline of future bequest income and offers donors perspective on making their gifts in a way that will best accomplish their goals Praise for The Power of Legacy and Planned Gifts Kevin Johnson has done a great job making clear the process and the implications of a bequest to a charity A nonprofit s workers and its donors will be well served in reading this book Bill Gates Sr author Showing Up for Life Regardless of the size vintage or mission of your organization you can use this book If this is the part of fundraising you have been avoiding Kevin s sensible advice can get your team started and get results sooner than you think Joan Flanagan fundraiser Center for New Community and author Successful Fundraising Bequests are the key for small and medium sized charities to survive and thrive Kevin clearly shows how board and staff can easily develop the comfort and confidence to build effective relations with donors and help them tell their stories and express their deepest values through bequests Oh that we all had this book years ago Roger Ellison vice president for planned giving West Texas Rehabilitation Center Foundation Kevin s insights into donor motivation and the richness of our story have resulted in a substantial increase in planned gifts to our organization Karlene McCabe executive director Greenbelt Land Trust Note CD ROM DVD and other supplementary materials are not included as part of eBook file

, Encyclopedia of Human Services and Diversity Linwood H. Cousins,2014-09-05 Encyclopedia of Human Services and Diversity is the first encyclopedia to reflect the changes in the mission of human services professionals as they face today

s increasingly diverse service population Diversity encompasses a broad range of human differences including differences in ability and disability age education level ethnicity gender geographic origin religion sexual orientation socioeconomic class and values Understanding the needs and problems of Asian Americans Hispanic Americans the deaf the blind the LGBT community and many other groups demands an up to date and cutting edge reference This three volume encyclopedia provides human services students professors librarians and practitioners the reference information they need to meet the needs of an increasingly diverse population Features 600 signed entries are organized A to Z across three volumes Entries authored by key figures in the field conclude with cross references and further readings A Reader s Guide groups related articles within broad thematic areas such as aging community mental health family and child services substance abuse etc A detailed index the Reader s Guide and cross references combine for search and browse in the electronic version A helpful Resource Guide guides students to classic books journals and web sites and a glossary assists them with the terminology of the field Available in both print and electronic formats Encyclopedia of Human Services and Diversity is an ideal reference for students practitioners faculty and librarians

Liberating Service Learning and the Rest of Higher Education
Civic Engagement Randy Stoecker, 2016-05-23 This book questions the prioritization and theoretical philosophical underpinnings of the core concepts of service learning 1 learning 2 service 3 community and 4 change By liberating service learning the author suggests reversing the prioritization of the concepts starting with change then community then service and then learning In doing so the author clarifies the benefits and purpose of this work arguing that it will create greater pedagogical and community impact This book challenges and hopefully will change our thinking about higher education community engagement

Solidarity Economics Cynthia Kaufman, 2026-01-22 Organizers all around the world are working to build ways of managing resources that serve human and ecological needs But how can these projects be more than small islands of solidarity and sustainability surrounded by oceans of domination and environmental destruction Solidarity Economics Building Sustainable Social Relations lays out the landscape of these projects aimed at building a better world and explores the institutional frameworks needed for them to expand It asks broader questions about what is needed to help them build toward just and sustainable societies based on relations of solidarity Drawing on Indigenous economics and anti capitalist theory this book critiques the idea of an economy as something autonomous from the rest of society and helps us see practical pathways to building systems which ensure that everyone s needs are met This accessible book provides an important overview of key issues around social theory the environment and practical social action to investigate new ways of overcoming the cultural and social issues around class race gender climate change human identity and economics

Macro Practice in Social Work for the 21st Century Steve Burghardt, 2013-10-18 Macro Practice in Social Work for the 21st Century Second Edition offers a modern approach to building effective career skills in macro practice Author Steve Burghardt inspires students by tracing the careers of macro practitioners from grass roots organizers to agency

executives By focusing on how practitioners can make meaningful strategic choices regardless of their formal roles and responsibilities this Second Edition takes a refreshing new approach on the key issues of how to respond to diversity and oppression the use of the internet for organization the limits of virtual trust understanding where micro and macro meet in practice and co leadership development Winning Elections and Influencing Politicians for Library Funding Patrick "PC" Sweeney, John Chrastka, 2018-11-29 As the saying goes all politics is local And 90% of funding for public libraries comes from the will of local politicians and in turn from local voters So it s urgent that librarians library supporters and anyone interested in running an election or campaign for a library understand the strategies resources and tactics necessary for positive political action Whether election day is four months away or four years away there are immediate steps library leaders and local library ballot committees should take to help secure a successful ballot initiative later Written by two experienced library campaigners this action driven manual for anyone running a political campaign for libraries dives into proven successful campaigning techniques for rural suburban and urban settings expert analysis on how political perceptions are formed how political power works and ways libraries can reach funding or political goals starting the discussion internally the right approach to setting up the committee structure and identifying the core leadership team for the committee tips on networking cultivating good relationships with the power players in the community and building a winning coalition canvassing and direct voter contact responding effectively to opposition including voters who habitually resist taxes or library funding increases the differences between paid media and earned media and best practices for marketing and message development fundraising volunteer engagement and other key areas Filled with easy to follow strategies this book will guide ballot committees librarians trustees and library advocates through the process of winning an election for funding their library LIS students will also benefit from the early exposure to political literacy skills provided by this book **The Rise and Fall of Neoliberalism** Doctor Kean Birch, Doctor Vlad Mykhnenko, 2013-07-18 The recent devastating and ongoing economic crisis has exposed the faultlines in the dominant neoliberal economic order opening debate for the first time in years on alternative visions that do not subscribe to a free market ethic Bringing together the work of distinguished scholars and dedicated activists The Rise and Fall of Neoliberalism presents critical perspectives of neoliberal policies questions the ideas underpinning neoliberalism and explores diverse responses to it from around the world **Activism** Jill Hamilton, 2009-09-11 This inspirational collection of personal accounts and essay presents multiple sides to activism Essayist Ralph Nader tells your readers that activism is a civic duty Stop Cal Vivisection discusses what tactics are necessary in animal rights activism Ross Clark informs readers that celebrity activists divert attention from real issues Counterpoints are offered to provide a balanced experience Your readers will think critically about where their own opinions fall in the debates
