Josiah Flynt, 1907 Tramping with Tramps: Studies and Sketches of Vagabond Life Josiah Flynt, 2019-11-25 In Tramping with Tramps Studies and Sketches of Vagabond Life Josiah Flynt presents an evocative exploration of the marginalized lives of tramps in America at the dawn of the 20th century Flynt's narrative combines rich firsthand observations with a keen sociological lens capturing the diverse experiences and complex motivations of the vagabond community His literary style is characterized by vivid imagery and a candid honesty that immerses readers in the realities of life on the fringes of society framed by a burgeoning interest in social reform and the human condition during a transformative era in American history Josiah Flynt was not merely an observer but a participant in the subculture he chronicled Born into an affluent family his later experiences with poverty and homelessness informed his empathetic analysis of the societal structures that marginalize individuals His first hand experiences as a wanderer and his literary aspirations fueled a desire to humanize and understand the lives of those often dismissed as societal outcasts presenting their stories with authenticity and depth This book is an essential read for anyone interested in the interplay of social dynamics human resilience and the intricate tapestry of American life Flynt's compassionate portrayal encourages readers to reflect on issues of poverty identity and belonging making it a thought provoking exploration that resonates even today In this enriched edition we have carefully created added value for your reading experience Hand picked Memorable Quotes shine a spotlight on moments of literary brilliance Interactive footnotes clarify unusual references historical allusions and archaic phrases for an effortless more informed read

Tramping with Tramps Josiah Flynt, 2016-12-13 It was not hard to get in with the children Finding that I was willing to play with them at their games in the alleys and on top of their rickety tenement houses they edged up to me rather cordially and we were soon pals There was nothing very new in their life but I was struck with the great interest they took in their petty thefts In the midst of the most boisterous play they would gladly stop if some one suggested a clever plan by which even a can of preserves could be swiped as they called it and the next instant they were trying to carry it to a finish They were not what I could call instinctive criminals far from it but a long intimacy with the practices of outlawry though small in their way had so deadened their moral sense that sneak thieving came to them almost as naturally as it does to the kleptomaniac Mr Flynt's magazine articles have shown him to be an expert in the life of Vagabondia and this volume in which the best of them are embodied has the merit of being not only intensely interesting but from a scientific point of view important According to Dr Andrew D White Ambassador to Germany America is getting to be looked upon by the criminals of Europe as a happy hunting ground and in his judgment Mr Flynt's work which opens with a study of The Criminal in the Open must be productive of much good The author has tramped with tramps in Russia Germany and England as well as the

United States To the general reader his work will reveal an entirely new world This book fascinating from the point of the mere reader is a genuine contribution to sociology Daily Chronicle He is so thoroughly at home in the underworld that he ignores many things in it which would impinge sharply on the consciousness of an outsider Whether by the early and excessive use of narcotics or by long continued roughing it his sensibilities have become so blunted as to be almost indifferent to physical hardships Cold filth wetness hunger pass with little comment Beggary and theft have become the day s work Though he does not write of these things with the unblushing candor of De Foe he sense of life is similar and his style has the same matter of fact sincerity There is something wholesome and manly in his declaration that he has discovered nothing precious for the spirit in the Beyond of the vagabond Flynt himself sums up his impressions thus Laziness loafing wanderlust and begging are today what they ever have been qualities and habits passed on from generation to generation practically intact The value of his work is in the clear unrefracted light which it sheds not over civilization on a romantic truancy but over civilization going quietly furtively to the dogs The Nation Mr Flynt has been a complete tramp in many countries His name among the American tramps is Cigarette and at those times his other character and interests are not suspected by the vagabonds In the intervals between his tramps he moves in the world of the best intelligence and social rank Though he has been in jails ridden on the trucks of fast expresses spent nights on freight trains begged from door to door such a life would never be suspected by the man who meets him in the ordinary course of polite society His manner in conversation as well as in writing is simple and direct His interest is in facts He has said on more than one occasion that he would like above everything to be a professor of criminology for he looks upon the criminal as the aristocrat among tramps on the tramp as a discouraged criminal New York Commercial Advertiser **Tramping with Tramps** Josiah Flynt
