What Is New Covenant Theology An Introduction:

What Is New Covenant Theology? an Introduction A. Blake White, 2012-04 New Covenant Theology is a developing system of theology that seeks to let the Bible inform our theology This sounds basic and almost all systems of theology claim that their system is based upon the Bible As I hope to show you New Covenant Theology is the system of theology that allows the Bible to have the final say most consistently Whereas Dispensationalism stands on presuppositions provided by its beloved Scofield Bible and Covenant Theology stands on presuppositions provided by its cherished Westminster Confession New Covenant Theology does not have any outside document that must be imposed on the text of Scripture It strives to let the Sacred Text speak on its own terms Covenantal and Dispensational Theologies Brent E. Parker, Richard J. Lucas, 2022-02-08 How do the Old and New Testaments relate to each other What is the relationship among the biblical covenants In this volume in IVP Academic's Spectrum series readers will find four contributors who explore these complex questions each making a case for their own view and responding to the others views to offer an animated yet irenic discussion on the continuity of Scripture **Progressive Covenantalism** Stephen J. Wellum, Brent E. Parker, 2016-04-15 Biblical covenants provide the backbone to the narrative plot line of Scripture therefore it is essential to think through the interrelationship between the biblical covenants starting in creation and culminating in Christ in order to rightly grasp the whole counsel of God **Discontinuity to Continuity** Benjamin L. Merkle, 2020-06-03 In Discontinuity to Continuity Benjamin Merkle brings light to the debates between dispensational and covenantal theological systems Merkle identifies how Christians have attempted to relate the Testaments placing viewpoints along a spectrum of discontinuity to continuity Each system's concerns are sympathetically summarized and critically evaluated **Encountering Christ in the Covenants** Daniel McManigal, 2013-04-12 Encountering Christ in the Covenants has been written for people who are new to covenant theology and want to better understand how the great covenants in Scripture reveal Christ Readers will be helped by the many references to the Reformed confessions and catechisms which are interspersed throughout the pages of this book The study questions which follow each chapter are designed so that the book can be used in small group study Sometimes we make basic concepts more difficult Covenant is not only a recurring topic in Scripture but the way in which the biblical plot is structured Often it helps when those explaining it have discovered a doctrine rather than inherited it That is certainly evident in this book I hope it enjoys a wide readership MICHAEL HORTON J Gresham Machen Professor of Systematic Theology and Apologetics Westminster Seminary California The revival of interest in the doctrine of the biblical covenants is bearing the fruit of some excellent books on the subject over the past several decades McManigal has provided a rich coverage of this central doctrine by winsomely presenting his material from a pastoral perspective The narrative style follows the unfolding biblical story in ten thorough chapters culminating in the new covenant with a surprise ending dealing with the sacraments of baptism and the Lord's Supper Finally its christological focus makes it a standout book I highly

recommend this book as a primer in covenant theology for instruction in the local church but it will also serve well as an apologia to give to those who are unfamiliar with or perhaps even disagree with covenant theology DR GREGORY EDWARD REYNOLDS is the pastor of Amoskeag Presbyterian Church in Manchester New Hampshire author of *The Word Is Worth a Thousand Pictures Preaching in the Electronic Age* 2001 and editor of *Ordained Servant A Journal for Church Officers* Pastor Dan McManigal's *Encountering Christ in the Covenants* introduces the covenantal structure of the whole Bible's story of redemptive history showing how each advance in God's covenant bond with his people leads closer and closer to Jesus Christ the mediator of the new covenant and the focus and fulfillment of all the covenants *Encountering Christ* combines clear explanation with theological richness providing spiritual nurture for mind and soul DENNIS E JOHNSON Ph D Professor of Practical Theology Westminster Seminary California Dan McManigal has provided the Church with a much needed book The book is a rare balance between solid biblical truth and a writing style that is a delight to read His chapters flow effortlessly and if the reader wants to ignore the footnotes he or she may although I strongly advise you to read them for they are filled with essential works The reader will also be greatly aided by the fact that the writing is always in conversation with Scripture In short this work offers a valuable tool that explains a key to open and understand the warp and woof of the Word of God DR RON GLEASON Ph D is the pastor of Grace Presbyterian Church in Yorba Linda California and author of *Herman Bavinck Pastor Churchman Statesman and Theologian* 2010 **Complete Works of Rev. Thomas Smyth, D. D.** Thomas

Smyth, 1909 *Our Creator Redeemer* Hans K. LaRondelle, 2005 Much is at stake in evangelical Christian theology when considering the covenants Old Testament and New Testament Theologically how do we align the concerns of a popular conservative Christian culture that may rightly worry about the place of the Ten Commandments in the public square with a message that often seems to stress that those same commandments have all been nailed to the cross Is it all really so simple as Old Testament law versus New Testament grace Between whom are these two covenants made How are the two covenants the same And ultimately are they really different These are not new questions in reformed theology and among evangelicals But their answers are best found not in the traditions of theological interpretation but in a careful Scriptural analysis of salvation history itself Thus in this important new contribution to covenant theology Hans LaRondelle chronologically traces through salvation history the footsteps of the Creator Redeemer in progressively revealing His covenant promises and His judgments From a redemption historical perspective based on careful exegesis the author outlines the unity and continuity of God's covenants with His chosen people **Themelios, Volume 39, Issue 3** D. Gunn, Charlie Clough, Don Trest, George Gunn, 2013-05-01 In Jeremiah 31 God declares He will make a New Covenant with the house of Israel and the house of Judah How we understand that covenant has tremendous importance for every area of theology An Introduction to the New Covenant examines the covenant to discover who are the recipients of the promised blessings and concludes that the New Covenant is intended exclusively for Israel and Judah While An Introduction to the New Covenant asserts that the church is not related to the New Covenant God's promises to the nation of Israel have profound implications for every believer every day New Covenant, New Community Petrus J. Gräbe, 2006 The concept of covenant is a crucial component in understanding God and His actions throughout salvation history New Covenant New Community looks at covenant in the Old and New Testament and makes a substantial contribution to biblical and theological studies in this area It is an introduction to the covenant theology of the Old Testament Second Temple Judaism the New Testament and the early Fathers exploring the implications for contemporary theology What are the elements of continuity and discontinuity in terms of the covenant concept between the Old and New Testaments What are the implications of a biblical understanding of covenant for the community of faith then and now These are just a few of the many questions Gräbe addresses in this far reaching well researched and highly accessible study **The New Covenant and New Covenant Theology** Fred G. Zaspel, 2011-02 In this book Fred Zaspel explores the provisions of the New Covenant and expounds its implications for life and worship as well as for biblical interpretation By doing so he provides a clear guide for understanding the big picture of the Bible and an exulting appreciation of the glorious privileges that belong to every Christian He also shows that the inauguration of the New Covenant is the hinge of biblical and redemptive history and that its promises define the nature of the privileges of the people of God and their status in Christ The New Interpreter's Bible: Acts, introduction to epistolary literature, Romans, 1 Corinthians, 1994 **The History and Theology of Calvinism** Curt Daniel, 2003 **An**

Covenant Theology Mark J. Cartledge, David Mills, 2001 Covenant Theology brings together a number of perspectives on this important feature of Christian tradition from across the theological discipline Based on four lectures delivered at the University of Liverpool each address is followed by a response allowing respected scholars of the field to engage in lively and public debate The progression from Old Testament to New Testament then to systematic theology and pastoral theology is intentional as readers are encouraged to view theology as an integrative discipline rather than a series of fragmented specialisms with little or no relation to one another With contributions from Stephen Clark James Dunn Gary Badcock and Robin Gill this academic book combines fresh insights with more traditional approaches and makes for an informed and interesting read Lively public debate from key scholars responding to each point Discussions from the full length of the Bible Practical in its application Wide view of theological debate Links theology to other disciplines Encourages everyone to join the debate

Covenant Theology Jeong Koo Jeon, 1999 In Covenant Theology author Jeong Koo Jeon makes a much needed contribution to 21st century biblical and systematic theology He explores the debate between John Murray and Meredith G Kline placing their ideas in the larger context of Biblical studies that have had a direct influence on Reformed theology and evangelicalism Although the theologies of Murray and Kline contain significant differences they both maintain a distinction between a covenant of creation and a covenant of grace In addition they both advocate a fundamental antithesis between law and gospel giving a priority to law over gospel in the temporal and logical order of divine works Jeon sees these distinctions as hermeneutic tools that are essential for better understanding of biblical revelation as well as faith grace and atonement
