journeyed through the essential aspects of life that define who we are and how we fulfill our roles in the world. At the heart of these discussions is the family, God's divine institution designed to reflect His love and authority on Earth. This book invites you to embrace your role within your family and understand the spiritual significance of marriage, parenthood, and identity. From the sacred nature of marriage as a covenant to the responsibilities of parenthood and family management, this book encourages a return to biblical principles and the values that strengthen our homes. It challenges the growing cultural trends that undermine the family and provides practical guidance on how to overcome the challenges of broken homes, divorce, and irresponsible behavior. Most importantly, it reminds us that our roles within the family are not passive but active. We are called to nurture, protect, and grow together, reflecting God's love, truth, and authority in all that we do. As we embrace these truths, we not only fulfill our personal calling but also participate in God's greater plan for humanity. Let this book inspire you to reflect on your own family dynamics and take intentional steps to build stronger, more resilient relationships. In doing so, you will contribute to a society that values the sanctity of the family and honors God's design.

We Want for Our Sisters what We Want for Ourselves Patricia Dixon, 2009

In *We Want for Our Sisters What We Want for Ourselves*, Dr. Patricia Dixon debunks myths about monogamy and polygyny and challenges us to rethink our approach to marriage and family. This book reveals that before European domination, polygyny was an accepted marriage and family practice in over eighty percent of the world's cultures. Even in Western societies, polygyny has always been practiced. However, because it is done so under a myth of monogamy, this creates a peculiar form of the practice that is demoralizing to women. This peculiar form of polygyny was practiced in early European history in Greece and Rome. It was also practiced during slavery in the U.S. to the detriment of African American women and their families. Even in contemporary America, because closed polygyny is practiced in various forms under the guise of monogamy, it continues to disempower African American women and undermine their marriages and families. Dr. Dixon offers many reasons to support polygyny, most importantly, the shortage of available African American men. Through extensive interviews, she offers an insider's look at polygynous marriages, showing readers its benefits and disadvantages, interpersonal dynamics, how financial, sexual, and parental responsibilities are determined, and the legal, moral, and cultural challenges that must be overcome in order to make polygynous marriage possible within American society. Finally, she calls for African American women to move toward building marriages and families based on love, truth, community, and ultimately, a womanist ethic of care for sisters.

The Christian Husband Bob Lepine, 2004. Ever feel challenged as a husband? As a leader? Does it seem like you're making it up as you go along? If your answer is yes, let Bob Lepine, author of *The Christian Husband*, redirect your thinking. Bob teaches men how to lead and love a wife from a biblical standpoint. Assume responsibility. Sacrifice personal needs. Lead in prayer. Yield to biblical training. Nourish and cherish.
