

What Does Islam Say About Dreams?

A dream is something that is common to all human beings

Most dreams that people have don't require any interpretation

Dreams can be an intense and emotional experience for people

One type of dreams are good dreams which are from Allah

Another type are those bad dreams that are from Satan

The third type are from a person's own subconscious and mind

Dreams can be true dreams, but there are evil dreams as well

We should not tell anyone about bad dreams and nightmares

We can see the Prophet in dreams, and it can be a true dream

We cannot see Allah's actual form and appearance in a dream

Does the Qur'an (Koran) Really Say That? Naqi Elmi, 2019-05-03 Islam is one of the largest religions in the world yet it is also one of the most misunderstood especially in the West Particularly since 9 11 critics of Islam have attacked the faith and attributed violence by extremists to its holy book the Qur'an This leaves many people with questions about Islam How could a so called religion of peace advocate violence What does Islam truly say about violence war and peace And how much of what the critics and the extremists claim is true Does the Qur'an Koran Really Say That attempts to answer such questions by addressing some of the myths misrepresentations and misunderstandings often propagated by critics who assert themselves as experts on the faith Interestingly this includes extremists who claim to be experts on the faith as well Author Naqi Elmi offers an analytical and balanced approach in explaining and addressing topics especially related to Islam and issues of peace and violence To transcend the many misconceptions about Islam there must be mutual understanding for we do not have a clash of civilizations but rather a clash of perceptions Therefore for peaceful coexistence there is a greater need to understand world religions objectively and to explore common ground so we may promote solidarity and world peace
