Inspiring the Youth of America by Remington Registries J Alex Ficarra, 2017-10-05 Here at Remington many people are curious about this powerful book commonly known as Inspiring the Youth of America Well as you may know our youth today in America are in dire need of mentorship and guidance This book is a whole new step forward for all of us as a civilization For many years and even today young Americans wander aimlessly in a pool of confusion They end up in meaningless careers with no past no future and nothing to hope for Undoubtedly the end result is misery and despair The end result is poverty and surely a feeling of emptiness Well we at Remington after interviewing over thirty thousand professionals were surprised to find that many successful professionals were disgusted with vanity publications They were disappointed with the meaningless dribble of a phone booktype registry that possibly required a magnifying glass just to read But surprisingly enough these professionals encouraged any use of their biography for humanitarian purposes Undoubtedly mentorship for our youth fell into that category So there it was born Our proudest moment as publishers was laid out before us But there was one big problem All these people needed to be interviewed in depth and generic biographies certainly would not inspire So with that we swallowed hard and our staff got to work Yes it was and still is a grueling time consuming mission and undertaking But in the end as you may witness as you read this book the content is quite spectacular and certainly worth the effort We would also like to mention that the participants in this book also spent much time sending us information and encouraging us to make this book worthy of their efforts Now it was up to us to uphold the dignity of these professionals and forge forward into a future where a student can explore his or her life with the ability to fulfill their own potentials With that this book is presented to you today and we hope that you share in our dream to build a better America from where it really matters our youth **The British Film Catalogue** Denis Gifford, 2018-10-24 The standard work on its subject this resource includes every traceable British entertainment film from the inception of the silent cinema to the present day Now this new
