Economic Research Centre,1998 Do roads induce mobility This might sound like a strange question yet it only stands to reason that building new roads or other infrastructure may actually encourage people to use the new additional capacity to travel more Induced mobility is a hotly debated issue but the experts are no longer in any doubt that it is a very real phenomenon However measuring it is another matter since we do not have sufficient data or experience in this area This Round Table presents the data that is available to date on infrastructure induced mobility From the introductory reports and discussions it is clear that much progress has been made in the last few years As recently as ten years ago many experts would have disputed the very existence of the induced mobility phenomenon Today a consensus is emerging Round Table 105 gives the full report *Captive Fathers, Captive Children* Terry Smyth,2022-10-06 Why are the daughters and sons of Far East prisoners of war still captivated by the stories of their fathers What is it that compels so many of the children after so many years to search for the details of their fathers captivity And how over the decades have they come to terms with their childhood memories In his book Terry Smyth treads new ground by examining the processes through which the children s memory practices came to be rooted in the POW experiences of their fathers By following a life course approach and a psychosocial methodology the book demonstrates how memory and trauma were worked into the social and cultural lives of individual children and explores how the relationship between their inner psychic worlds and subsequent memory practices unfolded against a challenging and morally ambivalent geopolitical background The book invites readers to engage with the author in a journey of exploration and self reflection with elements of auto ethnography adding richness to the text Enlivened by interview extracts case study material and ethnographic observations this work opens up fresh and ambitious perspectives on the personal legacies of war First Certificate Avenues Revised Edition Student's Book David Foll,Anne Kelly,1996-04-11 First Certificate Avenues Workbook gives the student additional language practice and FCE training
