Transnational Railway Cultures Benjamin Fraser, Steven D. Spalding, 2021-10-15 Since the advent of train travel railways have compressed space and crossed national boundaries to become transnational icons evoking hope dread progress or obsolescence in different cultural domains Spanning five continents and a diverse range of contexts this collection offers an unprecedentedly broad survey of global representations of trains From experimental novels to Hollywood blockbusters the works studied here chart fascinating routes across a remarkably varied cultural landscape **Trains, Literature, and Culture**, 2012 **Trains literature and culture** is the first work to thoroughly explore the railroad's connections with a full range of cultural discourses including literature visual art music graffiti and television but also advertising architecture cell phones and more Trains, Literature, and Culture, 2012 **Trains literature and culture** is the first work to thoroughly explore the railroad's connections with a full range of cultural discourses including literature visual art music graffiti and television but also advertising architecture cell phones and more Provided by publisher **Trains, Culture, and Mobility** Benjamin Fraser, Steven D. Spalding, 2012-01-01 **Trains Culture and Mobility** Riding the Rails goes beyond textual representations of

rail travel to engage an impressive range of political sociological and urban theory Taken together these essays highlight the complexity of the modern experience of train mobility and its salient relation to a number of cultural discourses Incorporating traditionally marginal areas of cultural production such as graffiti museums architecture or even plunging into the social experience of travel inside the traincar itself each essay constitutes an attempt to work from the act of riding the train toward questions of much larger significance Crisscrossing cultures from the New World and Old from East and West these essays share a common preoccupation with the way in which trains and railway networks have mapped and re mapped the contours of both cities and states in the modern period Bringing together individual and large scale social practices this volume traces out the cultural implications of Riding the Rails

Mobilities, Literature, Culture Marian Aguiar, Charlotte Mathieson, Lynne Pearce, 2019-09-25 This is the first book dedicated to literary and cultural scholars engagement with mobilities scholarship As such the volume both advances new theoretical approaches to the study of culture and furthers the recent humanities turn in mobilities studies The book s scholarship is deeply informed by cultural geography s vision of a mobilised reconceptualisation of space and place but also by the contribution of literary scholars in articulating questions of travel technologies of transport post colonialism and migration through a close engagement with textual materials A comprehensive introduction maps pre histories and emerging directions of this exciting interdisciplinary endeavor while taking up the theoretical and methodological challenges of the burgeoning subfield Contributions range across geographical and disciplinary boundaries to address questions of embodied subjectivities mobility and the nation geopolitics of migration and mobilities futures

Locomotion in Literature Martin Zerlang, 2025-07-01 The invention of the locomotive changed landscapes cityscapes social relations sensibilities prophesied by Hans Christian Andersen it also made huge impact on literature on genres themes style This book is about this commotion this literary locomotion as it has been represented in Danish literature The book explores the movements between text and context and the interplay between literature and social history Through the prism of the railway the book provides an overview of Danish literary history from writers such as S ren Kierkegaard Georg Brandes Henrik Pontoppidan Johannes V Jensen Tove Ditlevsen Peter H eg The locomotive of history is a well known metaphor but a historical reading of these writers also show the impact of history on this metaphor from something extraordinary to something more ordinary Hans Christian Andersen wrote about meeting God face to face on the railway The experience of the modern commuter is closer to what Georges Perec calls the infraordinary As reflected in the work of Peter H eg however the railway also figures in the intense contemporary debates on decolonizing The book draws on theoretical insights expressed in concepts such as chronotope character and literary speed This book will be of interest to students and scholars in literature studies history transport and mobility studies human geography and urban studies
