We Gotta Get Out Of This Place:

Dear America Bernard Edelman, 2002-06-04 More than 25 years after the official end of the Vietnam War *Dear America* allows readers to witness the war firsthand through the eyes of the men and women who served there Excerpt in Time magazine Stars and Stripes and Shadows Tim Haslam, 2007-01-09 1968 for me was not simply the year I found myself away from home for the first time It was not just the year I donned the uniform of a soldier and took up arms against communist aggression traveling to the jungles of Southeast Asia to do my patriotic duty To characterize that year merely as my coming of age fails to recognize the significance of the year itself Few intervals of similar duration in the history of our nation have been as important as those twelve months Perhaps only 1776 surpasses 1968 in its impact on who and what we as a nation will become thereafter The eras of the Civil War and the two World Wars although of equal or greater significance unfolded over longer spans of time each more gradually evolving the beliefs and practices of American citizens 1968 seems to have struck with impatient tenacity delivering to the United States of America a wake up call from our cultural complacency and the natural acceptance of our assumed righteousness 1968 began the polarization of America Neutrality of belief or philosophy was no longer to be valued or even tolerated The lines were being drawn lines between left and right between the old and the new between generations and perhaps even between clarity and confusion What we were as a people who we were and what we stood for was cast in 1968 under the unflattering spotlight of war and internal conflict as a reaction to that war College students the children of World War II veterans raised their voices in opposition to the edicts of the American Government Extremists took matters into their own hands and murdered Martin Luther King Junior and Robert Kennedy American soldiers committed atrocities at My Lai that shocked a citizenry unable to accept this dissonant view of Americans in uniform and our military and governmental leaders threw up their hands behind closed doors coming to the same conclusion we can't win this war On the home front popular music transitioned away from the malt shop themes of the fifties and early sixties and became a vehicle for conveying political messages for drawing young people away from the dreamy and into the heuristic Being twenty one in America in 1968 was different than being twenty one in America in 1967 or any time before American soldiers in Vietnam in 1968 were caught in a vortex of three worlds the remembered world they left back home the real world of violent struggles within the jungles villages and rice paddies of South Vietnam and the rapidly transitioning world of the United States of America nine thousand miles away This is the story of one twenty one year old American caught in that vortex *Songs of the Factory* Marek Korczynski, 2015-02-06 In *Songs of the Factory* Marek Korczynski examines the role that popular music plays in workers culture on the factory floor Reporting on his ethnographic fieldwork in a British factory that manufactures window blinds Korczynski shows how workers make often grueling assembly line work tolerable by permeating their workday with pop music on the radio The first ethnographic study of musical culture in an industrial workplace *Songs of the Factory* draws on socio musicology cultural studies and sociology of work combining

theoretical development methodological innovation and a vitality that brings the musical culture of the factory workers to life Music Korczynski argues allows workers both to fulfill their social roles in a regimented industrial environment and to express a sense of resistance to this social order The author highlights the extensive forms of informal collective resistance within this factory and argues that the musically informed culture played a key role in sustaining these collective acts of resistance As well as providing a rich picture of the musical culture and associated forms of resistance in the factory Korczynski also puts forward new theoretical concepts that have currency in other workplaces and in other rationalized spheres of society

Born in Brooklyn-- Raised in the Cav! John E. Flanagan, 2002-02 Here s about the book Twenty one years after leaving Vietnam for the first time the author attends a reunion of former pilots who flew helicopters in Vietnam Reuniting with his classmates and some of his fellow pilots he flew with in Vietnam brings back a rush of memories and stories of times past The following years reunions build on the first as more and more of the pilots he served with are reunited The reunions stir memories and deeds of times past are recounted in a steady stream of war stories He soon realizes that he doesn t want these stories these war stories lost and decides to write them down before he forgets the details As the stories unfold more memories come back and he records them too His intent was not to document the history of the US involvement in the Vietnam War nor be a definitive history of the famous B Troop 1st Squadron 9th US Cavalry Regiment His intent was to record his personal memory of the events some 30 plus years ago from his perspective He talks about growing up in Brooklyn living in his grandmother s house on 40th Street his gang of friends from Saint Michael s Church and of the events that led to his decision to volunteer for the draft Tracing the draft process he tells of narrowly avoiding being drafted in the Marine Corps He continues to tell the story of his journey through the army s classification and assignment system that results with him being selected for helicopter pilot training The life of a warrant officer candidate presented a number of challenges that needed to be overcome if his plan to beat the army system was to be realized He tells of some of the more interesting incidents in his flight training and preparation for combat Things changed after earning his wings and arriving in Vietnam Somewhere along the line the reality of the situation presents itself and John volunteers for the famous reconnaissance squadron of the 1st Cavalry Division The 1st of the 9th was known for its ferocity in combat and its high casualty rate especially among flight crews History records that this single unit was responsible for a large percentage of the entire division s enemy kills His description of some of the sights and sounds of life in B Troop will surely remind other veterans of their time in Vietnam He will certainly stir the memories of others that served in the air cavalry and perhaps even others who were supported by them The stories are real The people are real John Flanagan writes them as he would tell them to you in person Sometimes funny sometimes serious sometimes rambling sometimes clearly but always truthfully and as he remembers them The result of these writings are Born in Brooklyn Raised in the Cav The Aviation Museum at Fort Rucker Alabama the 1st Cavalry Museum at Fort Hood Texas keeps this book in stock A reviewer said I learned to better appreciate

the Army helo pilot January 30 2004 Reviewer E M from san diego ca USA Well it certainly is a long journey from the dreary streets of Brooklyn to the miserable and dangerous fields and skies of Viet Nam at war Major Flanagan has travelled this route and shares his adventure with the reader He is a real American hero as are all his brethren flying warrant officers Yet he tells his story without bravado or arrogance He is simply telling the story of his experience in Viet Nam as a young 19 year old plucked from the streets of Brooklyn and injected into the chaos of war He writes of his training as well as his wartime experiences Often his enemy was the weather as much as the NVA on the ground Major Flanagan writes in a simple readable style without pretension his memories are direct straightforward and sprinkled with a dash of Irish wit and humor If one wants to know the life of an Army helo pilot on the front lines of the Viet Nam war this is a book to read Beyond the daily life of the helo pilot we also learn
