research Yoshiko Ashiwa and David L Wank tell the story of Nanputuo against the backdrop of a dramatic stretch of Chinese history They vividly depict episodes such as renovating the halls reestablishing ties with overseas Chinese donors conflicts with local government revival of ritual life reopening of its Buddhist academy and the passion of the Guanyin birthday festival To understand Nanputuo Buddhist communities and other temples in Xiamen Ashiwa and Wank develop the concept of religion as a space constituted by physical semiotic and institutional dimensions They also show how the Chinese state and Buddhism have each adapted to the other as the temple has adjusted to government policy while the state has deployed Buddhism in its promotion of Chinese culture This interdisciplinary book is both a theoretically generative analysis of religious spaces and an empirically rich account of the recovery of Buddhism in China after the Mao era **The Missouri**
