Managed By Morons James Lawther, 2023-09-04 The antidote to mediocre management read it and become a better boss Management would be easy if it weren t for the corporate claptrap that gets in the way the painful organisational rituals that do nothing for a business s success SMART goals are not smart the annual round of target setting is a management power game and employee performance management is for fools If it is such a great idea why don t you do it at home Try telling your partner they are below standard and highlight their development opportunities Imagine how that would play out You don t need an Executive MBA to be a captain of industry Nor do you need to climb on the bandwagon of

the next big thing Management by Objectives Best Practice Benchmarking and the Tao of Transformational Leadership have all been and gone though you might need some Artificial Intelligence to sift through all that Big Data There are easier ways to create flourishing workplaces James Lawther spent a third of a century in corporate Britain He has been taken for a ride by leadership gurus seduced by technology fleeced by management consultants and had his fair share of truly dreadful managers But he learned how to build a thriving organisation along the way There is no secret sauce and like all good things it is simple when you know how Buy this book and rediscover the obvious Your customers employees and bosses will love you for it **Founders at Work** Jessica Livingston,2008-11-01 Now available in paperback with a new preface and interview with Jessica Livingston about Y Combinator Founders at Work Stories of Startups Early Days is a collection of interviews with founders of famous technology companies about what happened in the very earliest days These people are celebrities now What was it like when they were just a couple friends with an idea Founders like Steve Wozniak Apple Caterina Fake Flickr Mitch Kapor Lotus Max Levchin PayPal and Sabeer Bhatia Hotmail tell you in their own words about their surprising and often very funny discoveries as they learned how to build a company Where did they get the ideas that made them rich How did they convince investors to back them What went wrong and how did they recover Nearly all technical people have thought of one day starting or working for a startup For them this book is the closest you can come to being a fly on the wall at a successful startup to learn how it s done But ultimately these interviews are required reading for anyone who wants to understand business because startups are business reduced to its essence The reason their founders become rich is that startups do what businesses do create value more intensively than almost any other part of the economy How What are the secrets that make successful startups so insanely productive Read this book and let the founders themselves tell you

Signs of the Times Brian A. Ross,2016-03-18 All ministry leaders concern themselves with the intersection of Jesus centered ministry and contemporary culture They ask themselves questions such as What do we need to change in order to keep up with a wired world What should never change What are the nonnegotiables of faith in Jesus Many have attempted to answer these questions However most of these leaders offer solutions that the everyday ministry leader simply cannot replicate Signs of the Times is a unique offering to those who wrestle with the mash up of ministry and culture All of the contributors have found success within their ministries and yet most do not minister to thousands on a weekly basis Additionally all of them have had the privilege of studying directly with Dr Leonard I Sweet Despite having authored more than fifty books Sweet can still be a bit of an enigma Many of his readers have been deeply influenced by him and yet they may still struggle to understand what his insights might mean for their ministry Each of the contributors to this work thoughtfully engages with a key idea that they personally learned from Sweet and they translate it for ministry in the early twenty first century **Weird Science** Jim Wiese,2004-04-19 Discover the weird science behind the ickiest wackiest most unusual things ever to exist Would you like to make your own slime discover how lava lamps work or learn how materials
