Wellness Body Mind Geetha Patel:

Wellness Geetha Patel, 2016-01-25 This book is the product of the author's curiosity regarding the secrets behind good health and well being of a person even after the age of seventy. She was inspired by her neighbor's zest for life and her positive attitude during her advanced years. This prompted her to interview many seniors in Canada and in India to find out the secret to their well being and she found six most common elements. Even though the book starts with these it also reveals interesting natural remedies used to cure some unique and simple ailments, the medicinal value of some herbs and spices, beauty and hair treatments and face masks used when Geetha was growing up and then concludes with some healthy vegetarian and non vegetarian recipes. A fascinating component of this book is the real life stories from the author's experiences. Useful for young and old men and women.

Includes powerful and practical meditations, mantras, asanas, reflection questions and more to reduce our suffering and the suffering of others. We all get stuck in hurtful patterns that continue to create more suffering in our lives. In yoga philosophy, these patterns are known as the five kleshas. In this wise practical guide, Michelle Cassandra Johnson offers us a path toward developing a deeper understanding of them and how they hijack us emotionally. The five kleshas are ignorance, avidya, overidentification with ego, asmita, attachment to desire or pleasure, raga, aversion or avoidance, dvesha, and fear of death or letting go, abhinivesha. Each one leads us to create tendencies and karma that move us away from realizing and remembering our true nature and seeing ourselves as separate from one another and the planet. In yogic terms,

this perpetuates a constant cycle of pain for us all Readers will learn to deepen their connection with self and others look at their relationship and attachment to pleasure and aversion to discomfort notice more fully how their actions affect others meet each moment as it arises and ride the waves of life as they come and much more Johnson offers us a way to find a sense of clarity groundedness and equanimity within ourselves by working through the kleshas one by one using asana pranayama mudra mantra reflection questions and meditation
