Manufacturing the Enemy Keith Bolender, 2019-09-20 Mainstream media in the United States for the past 60 years has converged with the neo colonial foreign policy objectives of the state to create a misinformed biased narrative against the Cuban revolution Using extensive examples including pre revolutionary historic coverage journalist Keith Bolender reveals how the national press has established an anti Cuba chronicle in adherence to Washington s unrelenting regime change policies From coverage of the Bay of Pigs Cuban Missile Crisis the Cuban Five and the current issues of Obama s Cuban Thaw in 2014 to the renewed hostility under the Trump Administration the edition examines with specific clarity how damaging corporate media treatment of Cuba is to the understanding of the revolution and those who continue to support it This original treatment scrutinises the foundation for the media s hostility against Cuba s socialist political economic system providing new insight into the propaganda workings of the so called free press in the US and across Western liberal democracies The work is a unique resource for activists journalists and students interested in the ever complicated relationship between the United States and its island neighbour to the south

We Are Cuba! Helen Yaffe, 2020-04-06 The extraordinary account of the Cuban people s struggle for survival in a post Soviet world In the aftermath of the fall of the Soviet Union Cuba faced the start of a crisis that decimated its economy Helen Yaffe examines the astonishing developments that took place during and beyond this period Drawing on archival research and interviews with Cuban leaders thinkers and activists this book tells for the first time the remarkable story of how Cuba survived while the rest of the Soviet bloc crumbled Yaffe shows how Cuba has been gradually introducing select market reforms While the government claims that these are necessary to sustain its socialist system many others believe they herald a return to capitalism Examining key domestic initiatives including the creation of one of the world s leading biotechnological industries its energy revolution and medical internationalism alongside recent economic reforms Yaffe shows why the revolution will continue post Castro This is a fresh compelling account of Cuba s socialist revolution and the challenges it faces today
