Do you Use a computer to perform analysis or simulations in your daily work Write short scripts or record macros to perform repetitive tasks Need to integrate off the shelf software into your systems or require multiple applications to work together Find yourself spending too much time working the kink

Technical Writing Phillip A. Laplante,2016-04-19 Engineers and scientists of all types are often required to write reports summaries manuals guides and so forth While these individuals certainly have had some sort of English or writing course it is less likely that they have had any instruction in the special requirements of technical writing Filling this void Technical Writing A Practical Guide for Engineers and Scientists enables readers to write edit and publish materials of a technical nature including books articles reports and electronic media

Written by a renowned engineer and widely published technical author this guide complements the traditional writer's reference manuals and other books on technical writing. It helps readers understand the practical considerations in writing technical content. Drawing on his own work, the author presents many first-hand examples of writing, editing, and publishing technical materials. These examples illustrate how a publication originated as well as various challenges and solutions.
