

FROM EXECUTIVE PRODUCER JERRY BRUCKHEIMER

A promotional poster for the Disney+ series 'National Treasure: Edge of History'. The central figure is Hailey Steinfeld, who plays the character Rachel Watson. She is depicted in a dynamic, forward-leaning pose, wearing a dark brown leather jacket over a light-colored collared shirt and dark trousers. Her right arm is extended forward, and a brilliant, golden-yellow light emanates from her hand, creating a strong lens flare effect. The background is an ancient Egyptian tomb, characterized by hieroglyphs carved into the stone walls. A large, circular stone archway is visible behind her. At the bottom of the frame, there are two pools of fire, one on the left and one on the right, adding to the dramatic and mysterious atmosphere. The overall color palette is dominated by warm, golden-brown tones.

*Americanization of History* Kathleen McDonald, 2010-10-12 This collection of essays searches for how history and literature translate into filmic texts that then reflect the time and place of the translation Major motion pictures as well as television movies and series are the sites of this exploration The opening essay surveys what films tell us it means to be set in a medieval time while the second looks at one of the most powerful movie studios since the earliest days of movie making Walt Disney Studios The second section investigates classic Americana by delving specifically into the hegemonic power of Walt Disney Studios by considering the union between the American pastime of baseball and the great white way of Broadway and by discovering the constantly morphing relationship of the icons of the Wild West Section three looks at characters living outside of roles considered socially appropriate in their world vampire slayers mobsters and those with multiple personalities The fourth section studies how present day mores of power and beauty control revisions of historically based stories through issues of vengeance race sexuality and the notion of beauty itself The final section takes up the question of what it means to historicize the present moment and analyzes the current period via a very popular and long running show s depiction of sexuality as accepted or rejected within a paradigm that appears not merely to tolerate but actively to promote deviance The last essay questions the very concepts of time and history themselves The articles do not reach one conclusion regarding this topic but instead provide a variety of perspectives which help to theorize the issue for the discerning reader
