They Divided the Sky Christa Wolf, 2013-01-26 First published in 1963 in East Germany *They Divided the Sky* tells the story of a young couple living in the new socialist East Germany whose relationship is tested to the extreme not only because of the political positions they gradually develop but very concretely by the Berlin Wall which went up on August 13 1961 The story is set in 1960 and 1961 a moment of high political cold war tension between the East Bloc and the West a time when many thousands of people were leaving the young German Democratic Republic the GDR every day in order to seek better lives in West Germany or escape the political ideology of the new country that promoted the farmer and peasant state over a state run by intellectuals or capitalists The construction of the Wall put an end to this hemorrhaging of human capital but separated families friends and lovers for thirty years The conflicts of the time permeate the relations between characters in the book at every level and strongly affect the relationships that Rita the protagonist has not only with colleagues at work and at the teacher's college she attends but also with her partner Manfred an intellectual and academic and his family They also lead to an accident attempted suicide that send her to hospital in a coma and that provide the backdrop for the flashbacks that make up the narrative Wolf's first full length novel published when she was thirty five years old was both a great literary success and a political scandal Accused of having a decadent attitude with regard to the new socialist Germany and deliberately misrepresenting the workers who are the foundation of this new state Wolf survived a wave of political and other attacks after its publication She went on to create a screenplay from the novel and participate in making the film version More importantly she went on to become the best known East German writer of her generation a writer who established an international reputation and never stopped working toward improving the socialist reality of the GDR

Divided Heaven Christa Wolf, 1979 *The World at My Back* Thomas Melle, 2023-05-02 Books written out of great emotional distress are rarely great literature Thomas Melle's *The World at My Back* is great literature because he pulls it off without a single false note Deutschlandfunk German National Radio Longlisted for the 2024 National Translation Award in Prose A Finalist for the German Book Prize Translated into Eighteen Languages Addicted to culture author Thomas Melle has built up an impressive personal library His heart is in these books and he loves to feel them at his back their promise and challenge as he writes But in the middle of a violent dissociative episode when they become ballast to his increasingly manic self he disperses almost overnight what had taken decades to gather Nor is this all he loses descending further into an incomprehensible madness he loses friendships and his career as a novelist and celebrated playwright but the most savage cruelty is that he no longer either knows or understands himself Vulnerable and claustrophobic shattering and profoundly moving Thomas Melle's *The World at My Back* is a book dedicated to the impossibility of reclaiming what has been lost its lines both a prayer and reminder that on the other side of madness other possibilities await
