Thinking Like A Writer A Lawyers Guide To Effective Writing And Editing:

Thinking Like a Writer Stephen V. Armstrong, Timothy P. Terrell, 2009 Thinking Like a Writer A Lawyer s Guide to Effective Writing and Editing gives you the specialized knowledge and techniques to draft clear and compelling legal documents no matter how complicated the issues involved Thinking Like a Writer Stephen V. Armstrong, Timothy P. Terrell, Jarrod F. Reich, 2021 Thinking Like a Writer Stephen V. Armstrong, Timothy P. Terrell, 2003 This is a different kind of book about legal writing It assumes its readers are good writers who have already absorbed most of the usual advice about legal writing But they may lack the intellectual framework for thinking like a writer with the same incisiveness with which they think like a lawyer This book provides that framework It focuses on the underlying principles for communicating complicated information clearly and for establishing your credibility with demanding audiences As a result it helps to transform good writers into first rate ones and to make them far more efficient and powerful editors of their own writing and of others drafts Its unique approach will benefit supervising lawyers who do more editing than writing as well as lawyers who do their own drafting **Elegant Legal Writing** Ryan McCarl, 2024-02-06 Elegant Legal Writing provides short practical tips to help attorneys make their writing as clear and readable as possible reducing the reader s cognitive burden so they can focus on your argument **The Behavior of Federal Judges** Lee Epstein, William M Landes, Richard A Posner, 2013-01-07 Federal judges are not just robots or politicians in robes yet their behavior is not well understood even among themselves Using statistical methods a political scientist an economist and a judge construct a unified theory of judicial decision making to dispel the mystery of how decisions from district courts to the Supreme Court are made **Introduction to Classical Legal Rhetoric** Michael H. Frost, 2017-03-02 Lawyers law students and their teachers all too frequently overlook the most comprehensive adaptable and practical analysis of legal discourse ever devised the classical art of rhetoric Classical analysis of legal reasoning methods and strategy is the foundation and source for most modern theories on the topic Beginning with Aristotle s Rhetoric and culminating with Cicero s De Oratore and Quintilian s Institutio Oratoria Greek and Roman rhetoricians created a clear experience based theoretical framework for analyzing legal discourse This book is the first to systematically examine the connections between classical rhetoric and modern legal discourse It traces the history of legal rhetoric from the classical period to the present day and shows how modern theorists have unknowingly benefited from the classical works It also applies classical rhetorical principles to modern appellate briefs and judicial opinions to demonstrate how a greater familiarity with the classical sources can deepen our understanding of legal reasoning *Searching the Law, 3d Edition* Frank Bae, Edward Bander, Francis Doyle, Joel Fishman, Paul Richert, 2021-12-13 **Critical and Comparative Rhetoric** Elizabeth Berenguer, Lucy Jewel, Teri A. McMurtry-Chubb, 2023-06-30 Through the lenses of comparative and critical rhetoric this book theorizes how alternative approaches to communication can transform legal meanings and legal outcomes infusing them with more inclusive participation equity and justice Viewing legal language through a radical lens

the book sets aside longstanding norms that derive from White and Euro centric approaches in order to re situate legal methods as products of new rhetorical models that come from diasporic and non Western cultures The book urges readers to re consider how they think about logic and rhetoric and to consider other ways of building knowledge that can heal the law s current structures that often perpetuate and reinforce systems of privilege and power **Divergent Paths** Richard A.

Posner,2016-01-04 Judges and legal scholars talk past one another if they have any conversation at all Academics criticize judicial decisions in theoretical terms which leads many judges to dismiss academic discourse as divorced from reality

Richard Posner reflects on the causes and consequences of this widening gap and what can be done to close it **A**
