Turner En Rotterdam 181718251841:

Turner as Draughtsman Andrew Wilton, Joseph Mallord William Turner, 2006 Turner as Draughtsman looks at the artist's practice of drawing in various media pen pencil and chalk as well as watercolour and oil paint an aspect of Turner's work which has hitherto received very little attention Andrew Wilton shows that while Turner's art has always been celebrated for its atmospheric breadth and freedom of handling he based his working procedures throughout his career on the discipline of drawing in outline which was an essential element in the grand strategy by which he achieved his formidable results An important section of the book is devoted to the vexed question of Turner's drawing of the human figure and the crucial role played by the figure both in his conception of landscape and in his ambitious attempts to master all the genres of fashionable contemporary art

J.M.W. Turner Andrew Wilton, Joseph Mallord William Turner, 1982 **Turner, 1775-1851** Tate Gallery, Joseph Mallord William Turner, Royal Academy of Arts (Great Britain), 1974 Turner has good claim to be the most perceptive and creative artist that Britain has ever produced His range of mood and the extent of his development from his early traditional beginnings to his late masterpieces are perhaps wider than those of any other artist

Foreword *Turner* James Hamilton, 2003 J M W Turner was a painter whose treatment of light put him squarely in the pantheon of the world's preeminent artists but his character was a tangle of fascinating contradictions While he could be coarse and rude manipulative ill-mannered and inarticulate he was also generous questioning and humane and he displayed through his work a hitherto unrecognized optimism about the course of human progress With two illegitimate daughters and several mistresses whom Turner made a career of not including in his public life the painter was also known for his entrepreneurial cunning demanding and receiving the highest prices for his work Over the course of sixty years Turner traveled thousands of miles to seek out the landscapes of England and Europe He was drawn overwhelmingly to coasts to the electrifying rub of the land with the sea and he regularly observed their union from the cliff the beach the pier or from a small boat Fueled by his prodigious talent Turner revealed to himself and others the personality of the British and European landscapes and the moods of the surrounding seas He kept no diary but his many sketchbooks

are intensely autobiographical giving clues to his techniques his itineraries his income and expenditures and his struggle to master the theories of perspective In Turner James Hamilton takes advantage of new material discovered since the 1975 bicentennial celebration of the artist s birth paying particular attention to the diary of sketches with which Turner narrated his life Hamilton s textured portrait is fully complemented by a sixteen page illustrations insert including many color reproductions of Turner s most famous landscape paintings Seamlessly blending vibrant biography with astute art criticism Hamilton writes with energy style and erudition to address the contradictions of this great artist *The J. Paul Getty Museum Journal* J. Paul Getty Museum,1994 Vols include an acquisitions supplement listing the Museum s acquisitions for the preceding year Discerning Tastes Janet M.
