Two Arabs Berber Jew Entangled:

Two Arabs, a Berber, and a Jew Lawrence Rosen, 2015-12-02 In this remarkable work by seasoned scholar Lawrence Rosen we follow the fascinating intellectual developments of four ordinary Moroccans over the span of forty years Walking and talking with Haj Hamed Britel Yaghnik Driss Hussein Qadir and Shimon Benizri in a country that in a little over a century has gone from an underdeveloped colonial outpost to a modern Arab country in the throes of economic growth and religious fervor Rosen details a fascinating plurality of viewpoints on culture history and the ways both can be dramatically transformed Through the intellectual lives of these four men this book explores a number of interpretative and theoretical issues that have made Arab culture distinct especially in relationship to the West how nothing is ever hard and fast how everything is relational and always a product of negotiation It showcases the vitality of the local in a global era and it contrasts Arab notions of time equality and self with those in the West Likewise Rosen unveils his own entanglement in their world and the drive to keep the analysis of culture first and foremost even as his own life enmeshes itself in those of his study An exploration of faith politics history and memory this book highlights the world of everyday life in Arab society in ways that challenge common notions and stereotypes

Inventing the Berbers Ramzi Rouighi, 2019-07-05 Before the Arabs conquered northwest Africa in the seventh century Ramzi Rouighi asserts there were no Berbers There were Moors Mauri Mauretanians Africans and many tribes and tribal federations such as the Leuathae or Musulami and before the Arabs no one thought that these groups shared a common ancestry culture or language Certainly there were groups considered barbarians by the Romans but Barbarian or its cognate Berber was not an ethnonym nor was it exclusive to North Africa Yet today it is common to see studies of the Christianization or Romanization of the Berbers or of their resistance to foreign conquerors like the Carthaginians Vandals or Arabs Archaeologists and linguists routinely describe proto Berber groups and languages in even more ancient times while biologists look for Berber DNA markers that go back thousands of years Taking the pervasiveness of such anachronisms as a point of departure Inventing the Berbers examines the emergence of the Berbers as a distinct category in early Arabic texts and probes the ways in which later Arabic sources shaped by contemporary events imagined the Berbers as a people and the Maghrib as their home Key both to Rouighi's understanding of the medieval phenomenon of the berberization of North Africa and its reverberations in the modern world is the Kit b al ibar of Ibn Khald n d 1406 the third book of which purports to provide the history of the Berbers and the dynasties that ruled in the Maghrib As translated into French in 1858 Rouighi argues the book served to establish a racialized conception of Berber indigeness for the French colonial powers who erected a fundamental opposition between the two groups thought to constitute the native populations of North Africa Arabs and Berbers Inventing the Berbers thus demonstrates the ways in which the nineteenth century interpretation of a medieval text has not only served as the basis for modern historical scholarship but also has had an effect on colonial and postcolonial policies and communal identities throughout Europe and North Africa

Moroccan Other-Archives Brahim El Guabli, 2023-04-25 Winner 2024 L Carl Brown AIMS Book Prize in North African Studies Honorable Mention 2024 MELA Book Awards Finalist 2024 ASA Best Book Prize Moroccan Other Archives investigates how histories of exclusion and silencing are written and rewritten in a postcolonial context that lacks organized and accessible archives The book draws on cultural production concerning the years of lead a period of authoritarianism and political violence between Morocco's independence in 1956 and the death of King Hassan II in 1999 to examine the transformative roles memory and trauma play in reconstructing stories of three historically marginalized groups in Moroccan history Berbers Imazighen Jews and political prisoners The book shows how Moroccan cultural production has become an other archive a set of textual sonic embodied and visual sites that recover real or reimagined voices of these formerly suppressed and silenced constituencies of Moroccan society Combining theoretical discussions with close reading of literary works the book reenvision both archives and the nation in postcolonial Morocco By producing other archives Moroccan cultural creators transform the losses state violence inflicted on society during the years of lead into a source of civic engagement and historiographical agency enabling the writing of histories about those Moroccans who have been excluded from official documentation and state sanctioned histories The book is multilingual and interdisciplinary examining primary sources in Amazigh Berber Arabic Darija and French and drawing on memory studies literary theory archival studies anthropology and historiography In addition to showing how other archives are created and operate El Guabli elaborates how language gender class race and geographical distribution are co constitutive of a historical and archival unsilencing that is foundational to citizenship in Morocco today Historical Dictionary of the Berbers (Imazighen) Hsain Ilahiane, 2017-03-27 Berbers also known as Imazighen are the ancient inhabitants of North Africa but rarely have they formed an actual kingdom or separate nation state Ranging anywhere between 15 50 million depending on how they are classified the Berbers have influenced the culture and religion of Roman North Africa and played key roles in the spread of Islam and its culture in North Africa Spain and Sub Saharan Africa Taken together these dynamics have over time converted to redefine the field of Berber identity and its socio political representations and symbols making it an even more important issue in the 21st century This second edition of Historical Dictionary of the Berbers contains a chronology an introduction appendixes and an extensive bibliography The dictionary section has over 200 cross referenced entries on important personalities places events institutions and aspects of culture society economy and politics This book is an excellent resource for students researchers and anyone wanting to know more about the Berbers **Jewish Morocco** Emily Benichou Gottreich, 2020-02-20 The history of Morocco cannot effectively be told without the history of its Jewish inhabitants Their presence in Northwest Africa pre dates the rise of Islam and continues to the present day combining elements of Berber Amazigh Arab Sephardi and European culture Emily Gottreich examines the history of Jews in Morocco from the pre Islamic period to post colonial times drawing on newly acquired evidence from archival materials in Rabat Providing an important reassessment of the impact of the

French protectorate over Morocco the author overturns widely accepted views on Jews participation in Moroccan nationalism an issue often marginalized by both Zionist and Arab nationalist narratives and breaks new ground in her analysis of Jewish involvement in the istiqlal and its aftermath Fitting into a growing body of scholarship that consciously strives to integrate Jewish and Middle Eastern studies Emily Gottreich here provides an original perspective by placing pressing issues in contemporary Moroccan society into their historical and in their Jewish contexts
