Two Years Before The Mast Signet Classics:

Two Years Before the Mast Richard Henry Dana, Jr., 2009-04-07 Tracing an awe inspiring oceanic route from Boston around Cape Horn to the California coast Two Years Before the Mast is both a riveting story of adventure and the most eloquent insightful account we have of life at sea in the early nineteenth century Richard Henry Dana is only nineteen when he abandons the patrician world of Boston and Harvard for an arduous voyage among real sailors amid genuine danger The result is an astonishing read replete with vivid descriptions of storms whales and the ship s mad captain terrible hardship and magical beauty and fascinating historical detail including an intriguing portrait of California before the gold rush As D H Lawrence proclaimed Dana s small book is a very great book Two Years Before the Mast Richard Henry Dana, 2000 Presents a personal narrative of life aboard an American merchant ship in the 1830s Two Years Before the Mast Richard Henry Dana (jr.), 1964 *Work, Class, and Power in the Borderlands of the Early American Pacific* Evan Lampe, 2013-12-12 This book traces the history of working people who helped established the foundation of the American empire in the Pacific from its origins after the American Revolution to its coming of age in the 1840s and 1850s Beginning with the expeditions of the Columbia and the Lady Washington Lampe argues that the early American Pacific can best be considered through the interaction of four major locations connected through the networks of trade the merchant ship the Northwest Coast Honolulu and Canton Guangzhou In each of these locations the labors of a diverse population of working people was harnessed in the critical labors of empire building including the transportation of goods The central question that the consideration of working people in the Pacific economy during this period is Lampe argues the role of power applied on these laborers by an international capitalist class emerging alongside the Pacific commercial empires Lampe also finds that this power was not uncontested and emerged in response to the activities of labor Working people on the ship and in the port cities found ways to secure their piece of the profitable trade often through illicit means *Literature and Lore of the Sea* , 2021-11-08

California Dreaming Ronald A. Wells, 2017-09-11 California matters both as a place and as an idea What famed historian Kevin Starr has called the California Dream is a vital part of American self understanding Just as America was meant to be a place of renewal even redemption for Europe so too California was intended as a place of renewal for America Therefore California place and idea provides a fertile ground for scholars to think deeply about what it means to articulate the promise of American life This book follows in the train of George Marsden s classic *The Outrageous Idea of Christian Scholarship* believing that people of faith have a contribution to make to scholarship and of Jay Green s more recent book *Christian Historiography Five Rival Views* believing that scholars of faith should engage in moral inquiry In this book eight authors inquire into the moral questions that emerge from studying California *The Complete Two Years Before the Mast* Richard Henry Dana, Jr., 2021-07-28 **Two Years Before the Mast** Richard Henry Dana, Jr., 1964 The narrative of the author s journey from Boston around the Cape Horn and landing at a port in the western coast of the United States Copyright

Third Series* Library of Congress. Copyright Office, 1967 Includes Part 1 Number 2 Books and Pamphlets Including Serials and Contributions to Periodicals July December **Two Years Before the Mast - the Original Classic Edition** Richard Henry Dana, 2012-06 Why should you read this book Yes it is a classic Yes it documents the wonderful adventurous time of the clipper ship But that's not why you should read it Richard Henry Dana must have been a most extraordinary man While attending Harvard as a young man his eyesight became weak and his health declined He decided that the austere prescription of salt air and plain hard work would be the cure Not many would give up comfort and privilege but for two years Dana served as a common sailor given no special treatment as the gentleman he was and lived in the fore-castle of the *Alert* eating the mess of salt beef and common hardtack risking his life and serving under a captain crueler than most Dana was able to write in such a way as to re-create the life on board a sailing ship down to the smallest details and that's what makes this book so real and touching You can feel the cold of Tierra del Fuego taste the salt beef and feel the wind and damp What's more amazing is that Dana's carefully kept journal was lost along with his other mementos of his voyage when he landed back on shore in Boston due to some tragic carelessness of someone he entrusted with his chest of belongings Yet he was able to recreate his voyage in loving detail and in some very excellent writing Dana's later life as a lawyer was far from happy though he made some critical contributions to maritime law He died a poor and disappointed man but left us the richer with his book I just re-read it again for the tenth time and it is fresher than ever Read it along side of *Moby Dick* Its American literature and American history and culture at its very best The Senior High School Paperback Collection John Thomas Gillespie, 1986 Provides an annotated list of more than four thousand paperbacks including fiction poetry and books on religion art crafts sports science music history and education *The National Union Catalogs, 1963-*, 1964 **General Catalogue of Printed Books** British Museum.
