The Chicago Guide to Communicating Science Scott L. Montgomery, 2017-02-21 Enhanced with approximately 100 additional pages this second edition is a testament to the success of the first one Choice For more than a decade The Chicago Guide to Communicating Science has been the go to reference for anyone who needs to write or speak about their research Whether it s a student writing a thesis a faculty member composing a grant proposal or a public information officer crafting a press release Scott

Montgomery's advice is perfectly adaptable to any scientific writer's needs. This new edition has been thoroughly revised to address crucial issues in the changing landscape of scientific communication with an increased focus on those writers working in corporate settings, government, and nonprofit organizations as well as academia. Half a dozen new chapters tackle the evolving needs and paths of scientific writers. These sections address plagiarism and fraud, writing graduate theses, translating scientific material, communicating science to the public, and the increasing globalization of research. Through solid examples and concrete advice, Montgomery helps scientists develop their own voice and become stronger communicators. He also addresses the roles of media and the public in scientific attitudes and offers advice for those whose research concerns controversial issues such as climate change or emerging viruses. Today, communicators must move seamlessly among platforms and styles. *The Chicago Guide to Communicating Science* helps scientists and researchers expertly connect with their audiences no matter the medium.

Letting Go of the Words Janice (Ginny) Redish, 2007-06-22 Redish has done her homework and created a thorough overview of the issues in writing for the Web. Ironically, I must recommend that you read her every word so that you can find out why your customers won't read very many words on your website and what to do about it. Jakob Nielsen, Principal Nielsen Norman Group. There are at least twelve billion web pages out there. Twelve billion voices talking but saying mostly nothing. If just 1% of those pages followed Ginny's practical, clear advice, the world would be a better place. Fortunately, you can follow her advice for 100% of your own site's pages, so pick up a copy of *Letting Go of the Words* and start communicating effectively today. Lou Rosenfeld, co-author *Information Architecture for the World Wide Web*. On the web, whether on the job or at home, we usually want to grab information and use it quickly. We go to the web to get answers to questions or to complete tasks, to gather information, reading only what we need. We are all too busy to read much on the web. This book helps you write successfully for web users. It offers strategy, process, and tactics for creating or revising content for the web. It helps you plan, organize, write, design, and test web content that will make web users come back again and again to your site. Learn how to create usable and useful content for the web from the master. Ginny Redish. Ginny has taught and mentored hundreds of writers, information designers, and content owners in the principles and secrets of creating web information that is easy to scan, easy to read, and easy to use. This practical, informative book will help anyone creating web content do it better. Features: Clearly explained guidelines with full color illustrations and examples from actual web sites throughout the book. Written in easy-to-read style with many before and after examples. Specific guidelines for web-based press releases, legal notices, and other documents. Tips on making web content accessible for people with special needs. Janice Ginny Redish has been helping clients and colleagues communicate clearly for more than 20 years. For the past ten years, her focus has been helping people create usable and useful web sites. She is co-author of two classic books on usability: *A Practical Guide to Usability Testing* with Joseph Dumas and *User and Task Analysis for Interface Design* with JoAnn Hackos, and is the recipient of many awards. Clearly explained guidelines with full color illustrations and examples from actual web
