

Create a letter you feel comfortable with and which expresses your individuality. Remember that the purpose of the letter is to get the employer's attention. Write for the ear, not the eye - write as you would speak. Read your writing aloud, and if it sounds awkward/unnatural, begin again.

The following is only a suggested format for the body of the letter. Use your own creativity to write the letter that best communicates your style.

NOTE: If you start your letter with Dear Sir/Madam (but remember, where possible, do try to find out the name of the person to whom it should be addressed), sign the letter Your faithfully. If you start with Dear "name" (avoid using the person's first name in a formal letter), sign the letter Yours sincerely.
