The Zookeeper's Wife Createspace Independent Pub, World Watch Media, 2017-04-20 The Zookeeper's Wife A Look at the War Behind the Story Book Preview Jan Zabinski was the director of the Warsaw Zoo in the 1930's He worked together with his wife Antonina who had a remarkable love towards the animals They had a villa in the zoo which contained a nursery and was a home for a big number of animals The couple had a son that lived there too This life that they built for themselves came to an end with the start of the German invasion on September the 1st 1939 Nearly all of the animals that were living in the Zoo were killed by the bombings and their cages were also destroyed The Zoo was under German occupation but the family still lived in the villa and had a pig farm Antonina and her husband were the zookeepers in this Zoo which was one of the biggest and most prolific zoos in Europe in that

period In September 1939 Antonina opened the gates of the Zoo and along with the crowd that waited to see the animals Miejski Ogród Zoologiczny entered the Zoo Book Club Kit Diane Ackerman,2007 The true story of how the keepers of the Warsaw Zoo saved hundreds of people from Nazi hands When Germany invaded Poland Stuka bombers devastated Warsaw and the city's zoo along with it With most of their animals dead zookeepers Jan and Antonina Zabinski began smuggling Jews into empty cages Another dozen guests hid inside the Zabinskis villa emerging after dark for dinner socializing and during rare moments of calm piano concerts Jan active in the Polish resistance kept ammunition buried in the elephant enclosure and stashed explosives in the animal hospital Meanwhile Antonina kept her unusual household afloat caring for both its human and its animal inhabitants otters a badger hyena pups lynxes and keeping alive an atmosphere of play and innocence even as Europe crumbled around her From publisher description The Zookeepers' War J.W. Mohnhaupt,2020-11-10 The unbelievable true story of the Cold War's strangest proxy war fought between the zoos on either side of the Berlin Wall The liveliness of Mohnhaupt's storytelling and the wonderful eccentricity of his subject matter make this book well worth a read Star Tribune Minneapolis Living in West Berlin in the 1960s often felt like living in a zoo everyone packed together behind a wall with the world always watching On the other side of the Iron Curtain East Berlin and its zoo were spacious and lush socialist utopias where everything was perfectly planned and then rarely completed Berlin's two zoos in East and West quickly became symbols of the divided city's two halves So no one was terribly surprised when the head zookeepers on either side started an animal arms race rather than stockpiling nuclear warheads they competed to have the most pandas and hippos Soon state funds were being diverted toward giving these new animals lavish welcomes worthy of visiting dignitaries West German presidential candidates were talking about zoo policy on the campaign trail And eventually politicians on both side of the Wall became convinced that if their zoo proved to be inferior that would mean their country's whole ideology was too A quirky piece of Cold War history unlike anything you've heard before The Zookeepers War is an epic tale of desperate rivalries human follies and an animal mad city in which zookeeping became a way of continuing politics by other means
