as the wild bears near his Alaskan village of Wales on the westernmost tip of the North American continent As sea ice diminishes and temperatures creep up year after year Agnaboogok and the polar bears and everyone and everything else living in the far north are being forced to adapt Not all of them will succeed Sweeping and tender The Loneliest Polar Bear explores the fraught relationship humans have with the natural world the exploitative and sinister causes of the environmental mess we find ourselves in and how the fate of polar bears is not theirs alone **The World of the Polar**
