The Worst Journey In The World:

The Worst Journey in the World, Antarctic, 1910-1913 Apsley Cherry-Garrard, 1922 Narrative of Scott's last expedition from its departure from England in 1910 to its return to New Zealand in 1913 *The Worst Journey in the World* Apsley Cherry-Garrard, 2014-05-25T00:00:00Z In 1910 famous explorer Robert Falcon Scott led the Terra Nova Expedition to the South Pole. The expedition was part scientific and part adventure. Scott wanted to be the first to reach the pole. The expedition was beset by hardship from the beginning and after realizing that they had been beaten to the pole by Roald Amundsen's Norwegian Expedition the party suffered a final tragedy the loss of Scott and his companions to the Antarctic cold on their return journey to base camp. *The Worst Journey in the World* is an autobiographical account of one of the survivors of the expedition Apsley Cherry Garrard. It's a unique combination of fascinating scientific documentary adventure novel and with the inclusion of Scott's final journal entries horror story. Journey is peppered throughout with journal entries illustrations and pictures from Cherry Garrard's companions making it a fascinating window into the majesty and danger of the Antarctic. This book is part of the Standard Ebooks project which produces free public domain ebooks *The Worst Journey in the World* Apsley Cherry-Garrard, 2022-09-04 In *The Worst Journey in the World* Apsley Cherry Garrard masterfully recounts the harrowing Antarctic expedition of Robert Falcon Scott interweaving personal narrative with the broader themes of exploration and human endurance. Written in a vivid yet austere literary style the work juxtaposes moments of stark beauty against the brutal realities of one of the most unforgiving landscapes on Earth. Cherry Garrard's keen observations and poignant reflections provide a nuanced portrayal of not only the physical challenges presented by the Antarctic but also the psychological burdens endured during this ill-fated journey thereby situating the text within the literary context of early 20th century adventure narratives and existential inquiry. Apsley Cherry Garrard a member of Scott's Terra Nova Expedition drew upon his own experiences of hardship and discovery to pen this seminal work. Born into an upper middle class English family Cherry Garrard's academic background in natural science and profound passion for exploration positioned him to document the landscape and the trials of his fellow explorers with precision and empathy. His firsthand encounters with both the sublime and the terrifying aspects of nature are illuminated in this compelling narrative. This book is highly recommended for those who cherish the spirit of adventure and appreciate the complexities of human ambition in the face of nature's vast indifference. *The Worst Journey in the World* not only serves as an essential historical account but also invites readers to reflect on the limits of human endurance and the moral imperatives of exploration making it a timeless classic. *The Worst Journey in the World: new annotated edition* Apsley Cherry-Garrard, 2020-08-03 At the age of twenty-four Apsley Cherry Garrard was one of the youngest members of the Terra Nova expedition. This was Robert F. Scott's second attempt to be the first to reach the South Pole. Cherry's application to join the expedition was initially rejected as Scott was looking for scientists but he made a second application along with a promise of 1 000 equivalent to 103 000 in 2019 towards

the cost of the expedition Rejected a second time he made the donation regardless Struck by this gesture and at the same time persuaded by E A Wilson Scott agreed to take Cherry Garrard as assistant zoologist The expedition arrived in the Antarctic on 4 January 1911 Scott and four companions eventually attained the pole on 17 January 1912 where they found that a Norwegian expedition led by Roald Amundsen had preceded them by 34 days Scott s entire party died on the return journey from the pole some of their bodies journals and photographs were found by a search party eight months later After returning to England Cherry Garrard travelled to China and then volunteered to the First World War and commanded a squadron of armoured cars in Flanders Invalided out in 1916 he suffered from clinical depression as well as ulcerative colitis which had developed shortly after returning from Antarctica Although his psychological condition was never cured the explorer was able to treat himself to some extent by writing down his experiences In 1922 encouraged by his friend George Bernard Shaw Cherry Garrard wrote *The Worst Journey in the World* his memoir of the incredible 3 years he spent in Antarctica Over 80 years later this book is still in print and is often cited as a classic of travel literature having been acclaimed as the greatest true adventure story ever written *The Worst Journey in the World* Apsley

Polar exploration is at once the cleanest and most isolated way of having a bad time which has been devised It is the only form of adventure in which you put on your clothes at Michaelmas and keep them on until Christmas and save for a layer of the natural grease of the body find them as clean as though they were new It is more lonely than London more secluded than any monastery and the post comes but once a year As men will compare the hardships of France Palestine or Mesopotamia so it would be interesting to contrast the rival claims of the Antarctic as a medium of discomfort

A member of Campbell's party tells me that the trenches at Ypres were a comparative picnic But until somebody can evolve a standard of endurance I am unable to see how it can be done Take it all in all I do not believe anybody on earth has a worse time than an Emperor penguin

Even now the Antarctic is to the rest of the earth as the Abode of the Gods was to the ancient Chaldees a precipitous and mammoth land lying far beyond the seas which encircled man's habitation and nothing is more striking about the exploration of the Southern Polar regions than its absence for when King Alfred reigned in England the Vikings were navigating the ice fields of the North yet when Wellington fought the battle of Waterloo there was still an undiscovered continent in the South

This book contains the travel tales of Robert Falcon Scott's last Expedition which in 1910 moved him from England to Antarctica where he died tragically two years later

The author Apsley Cherry Garrard was part of the expedition team and along with others he found the captain and others frozen to death
