Interaction Improvisation and Interplay in Jazz Performance offers a new and exciting way to listen to and understand jazz When describing a performance most jazz writers focus on the improvised lines of the soloist and their underlying harmonic progressions This approach overlooks the basic fact that when you listen to jazz you almost never hear a single line but rather a musical fabric woven by several musicians in real time While it is often pragmatic to single out an individual solo line it is important to remember that an improvised solo is but one thread in that fabric and it is a thread supported by responded to and responsive of the parts being played by the other musicians in the group Interaction Improvisation and Interplay in Jazz Performance explores the process of player interaction in jazz and the role this interaction plays in creating improvised music including jazz improvisation through theory and analysis musical roles behaviours and relationships harmony interaction and performance Interaction Improvisation and Interplay in Jazz Performance will appeal to students of jazz history composition and performance as well as to the general jazz audience Jazz Education Journal ,2001 **The Virgin Encyclopedia of Jazz** Colin Larkin,2004 From boogie woogie to bebop and beyond the sounds and rhythms of Jazz is mercurial always creative seldom static frequently cultish and often contentious The latest edition of The Virgin Encyclopedia of Jazz is the essential companion to making an acquaintance with Jazz It will inform you and it will not talk down to you There are over 3 500 entries detailing every artist who has had an impact on the development of jazz since it headed out from New Orleans and spread to New York London Paris Montreux Munich and way beyond Here are all the legends whose genius is evoked in a single name Ella Duke Satchimo Bird Miles Trane the Hawk Monk and Diz together with all the younger talent Brad Mehldau Jacky Terrasson Nicholas Payton and the youngest phenomenon of them all Norah Jones They line up with modern day giants of the genre such as John Schofield Dave Holland Joe Lovano and Keith Jarrett All entries have a detailed album chronology together with a five star rating system The text is non pompous non judgemental yet friendly and constructive All the text has been taken from the gigantic database of The Encyclopedia of Popular Music first published in 1992 the EPM and its spin off series swiftly and firmly established itself as the undisputed champion of all contemporary
