Theology Of The New Testament A Canonical And Synthetic Approach:

Theology of the New Testament Frank Thielman, 2005 A basic resource for serious teachers pastors scholars or lay people interested in learning about the theology of the New Testament Provided by publisher **A Narrative Theology of the New Testament** Timo Eskola, 2015-07-21 Focusing on the metanarrative of exile and restoration Timo Eskola claims that a post liberal narrative New Testament theology is both consistent and explanative Combining a post New Quest perspective on Jesus with an eschatological reading of Paul the author states that Jesus temple criticism aims at restoration eschatology Jesus starts a priestly community that expects God s jubilee to begin with Jesus work and proceed with the preaching of the new gospel The reception of this message in the post Easter church results in resurrection Christology that proclaims Jesus Davidic kingship on God s throne of glory Both Paul and Jewish Christian teachers later present Christ s community as a new temple where believers serve the Lord as priests of the new covenant Furthermore restoration eschatology provides a new basis for understanding Paul s contrast with the words of the law and his teaching of justification **New Testament Theology and its Quest for Relevance** Thomas R. Hatina, 2013-03-14 New Testament theology raises many questions not only within its own boundaries but also in relation to other fields such as history literary criticism sociology psychology history politics philosophy and religious studies But the overarching question concerns the relevance of two thousand year old writings in today s world How does one establish what is and is not relevant in the New Testament How does one communicate the ancient ideas presented in an alien language alien time and alien culture to a contemporary audience This book is intended to serve as a methodological introduction to the field of New Testament theology aimed at a range of readers undergraduate and Seminary students clergy and laypersons interested in the relevance of scripture It is a guide which aims to help readers understand how practitioners of New Testament theology have wrestled with the relationship between historical reconstruction of the New Testament and its interpretation in the modern world New Testament Theology and the Greek Language Stanley E. Porter, 2022-10-20 In this book Stanley E Porter offers a unique language based critique of New Testament theology by comparing it to the development of language study from the Enlightenment to the present Tracing the histories of two disciplines that are rarely considered together Porter shows how the study of New Testament theology has followed outmoded conceptual models from previous eras of intellectual discussion He reconceptualizes the study of New Testament theology via methods that are based upon the categories of modern linguistics and demonstrates how they have already been applied to New Testament Greek studies Porter also develops a workable linguistic model that can be applied to other areas of New Testament research Opening New Testament Greek linguistics to a wider audience his volume offers numerous examples of the productivity of this linguistic model especially in his chapter devoted to the case study of the Son of Man Method, Context, and Meaning in New Testament Studies C. Kevin Rowe, 2024-03-21 A masterful collection of essays in New Testament studies connecting Scripture theology and human life

What is the purpose of studying the New Testament and how is it best approached Esteemed professor C Kevin Rowe explores these questions in sixteen incisive essays covering a range of topics including the state of New Testament studies as a field the relationship between historical criticism and theological reading interdisciplinary methodology comparative religion and New Testament Christianity truth claims of the New Testament What unites these diverse chapters is a holistic approach to the New Testament Against the modern tendency to separate disciplines Rowe unites philosophy theology history and biblical studies in fruitful conversation Most crucially he emphasizes the essential purpose of this academic work its implications for human flourishing With an insightful and bold approach Rowe s essays should be read by anyone interested in New Testament studies Scholars and students will find the essays in this critical volume challenging and rewarding

Biblical Theology of Life in the Old Testament Albert J. Coetsee, Francois P. Viljoen, 2021-11-30 Life is a primary theme in Scripture expressed in the rich diversity of the various books corpora and genres of Scripture Much has been published on what Scripture teaches about life and death To date however no comprehensive biblical theology in which the concept of life is traced throughout the different books and corpora of the Old and New Testament has been published It is this lacuna that this book aims to fill assuming that such an approach can provide a valuable contribution to the theological discourse on life and related concepts The primary aim of this book is to give an indication of the different nuances of the concept of life in the various books and corpora of the Old and New Testament by providing the reader with a book by book overview of the concept of life in Scripture The secondary aim is to give an indication of the overall use and function of the concept of life in the Old Testament the New Testament and Scripture as a whole The latter is provided by using the findings of the book by book overview of the concept of life in Scripture to draw the lines together

New Testament Theology Jon Isaak, 2011-01-01 New Testament theology ought to be both descriptive and constructive this is the argument of New Testament Theology Extending the Table According to Isaak New Testament theology is descriptive in that it deals with the accounts that people narrate of their experience with Yahweh the God of Israel in the light of Easter It is constructive in that it joins the diverse testimonies of the New Testament writers into a textured and thick space within which contemporary followers of Jesus continue to be shaped by the ancient yet living Spirit of God Isaak s approach is historical thematic and theological in orientation It explores the conversation

taking place around the table where the writers of the NT share their guiding vision of God's saving work among them and their passion for the Christian church engaged in God's mission. The differing perspectives of the New Testament authors are held together without reduction, forming a deep and rich space within which ongoing community reflection and praxis can take place.

Beyond Biblical Theology Timo Eskola, 2013-10-02. Reading Heikki Rönkä's hermeneutics in context. Timo Eskola explores the development of Western New Testament interpretation. Reclaiming a Wredean approach to the Scriptures, Rönkä focuses on tradition and interpretation. He builds on Weberian sociology adopted through Peter Berger's theories and substitutes sacralized culturalism for biblical theology. After examining fourteenth-century Quran criticism and its impact on Reimarus, Eskola discusses the genesis of the revised history of religion theory that Rönkä developed when investigating the Quran's relationship to the Bible. Sociology then becomes a link between standard historicism and poststructuralism as Rönkä reinterprets Berger's sociology of knowledge. Rönkä's sacralized culturalism finally becomes the theory from which his magnum opus *The Rise of Christian Beliefs* has been written.

That His Spirit May Be Saved Jeremy M. Kimble, 2013-12-10. In an age of tolerance and moral laxity, the implementation of church discipline is often looked upon with disdain, fear, or incredulosity. However, there is clear biblical precedent for the practice of discipline within a local church context. While many are aware of several passages in Scripture that speak to this reality, in this work Jeremy Kimble calls readers to observe clear biblical mandates, historic precedent, as well as theological and practical implications for the practice of church discipline. Seeking to venture past the pragmatic discussions surrounding church discipline, Kimble articulates for his readers a lucid theological presentation of this topic. He argues that discipline serves as a warning of potential end-time judgment. As such, discipline also serves as a means to the sinner's repentance and the perseverance of the saints within that local church. This theological understanding of discipline calls pastors and congregations to faithfulness. There is a seriousness to church discipline that cannot be ignored, and likewise, discipline must also be viewed as a mercy, knowing it is a means to repentance and enduring in one's faith.

Romans 4 and the New Perspective on Paul Gerhard H. Visscher, 2009. In addition to examining Romans IV, this includes discussion of writings supporting and opposing the New Perspective position.

Making All Things New Benjamin L. Gladd, Matthew S. Harmon, 2016-03-08. Many people think eschatology refers to events occurring at the end of history. In this book, two scholars with expertise in biblical eschatology argue that God's kingdom breaking into this world through Jesus Christ has inaugurated a new creation, a reality that should shape pastoral leadership and be reflected in the life and ministry of the church. Brief and accessibly written, this book articulates the practical implications of G. K. Beale's *New Testament Biblical Theology* and features an introductory chapter by Beale. Each chapter concludes with practical suggestions and a list of books for further study.

The Law and the Knowledge of Good and Evil Chris A. Vlachos, 2009-01-01. First Corinthians 15:56. The sting of death is sin, and the power of

sin is the law is both puzzling and neglected It is puzzling since there appears to be no precursor in 1 Corinthians to the law critical statement found there It is neglected because of its size Nevertheless the short verse offers the opportunity to analyze in a rudimentary state Paul s law sin notion that appears full blown in Romans and the absence of a polemical setting allows scholars to examine a law critical statement issued during a polemical lull In *The Law and Knowledge of Good and Evil* Vlachos weighs attempts to explain the presence of 1 Cor 15 56 in 1 Corinthians and argues that the Genesis Fall narrative where the tempter plied his seductions by way of the commandment provides the theological substructure to Paul s understanding of the law s provocation of sin In doing so Vlachos contends that Paul reaches the historical high water mark of his polemic against the salvific efficacy of the law by locating a law sin nexus in Eden and contrary to some recent perspectives on Paul he argues that the edenicly informed axiom in 1 Cor 15 56 suggests that Paul s fundamental concern with the law was rooted in primordial rather than ethnic soil While studies of Paul and the law have tended to bypass Eden *The Law and Knowledge of Good and Evil* breaks ground by moving the argument beyond Second Temple Judaism to the Genesis Fall account where the prohibition against partaking of the knowledge of good and evil led to the knowledge of sin

Psalm 110 and the Logic of Hebrews Jared Compton, 2015-08-27 A neglected area of study of the letter to the Hebrews is the function of the Old Testament in the letter's logic Compton addresses this neglect by looking at two other ideas that have themselves received too little attention namely 1 the unique and fundamental semantic contribution of Hebrews exposition vis vis its exhortation and 2 the prominence of Ps 110 in the author's exposition The conclusion becomes clear that Hebrews exposition its theological argument turns in large part on successive inferences drawn from Ps 110 1 and 4 Compton observes that the author uses the text in the first part of his exposition to 1 interpret Jesus resurrection as his messianic enthronement 2 connect Jesus enthronement with his fulfillment of Ps 8's vision for humanity and thus 3 begin to explain why Jesus was enthroned through suffering In the second and third parts of his exposition the author uses the text to corroborate the narrative initially sketched Thus he uses the text to 1 show that messiah was expected to be a superior priest and moreover 2 show that this messianic priest was expected to solve the human problem through death
