 one of the most daunting texts in the New Testament The Letter to the Hebrews has inspired many readers with its
 encomium to faith troubled others with its hard sayings on the impossibility of a second repentance and perplexed still others
 with its exegetical assumptions and operations drawn from a cultural matrix that is largely alien to modern sensibilities Long
 thought to be Paul the anonymous author of Hebrews exhibits points of continuity with the apostle and other New Testament
 writers in the letter s or sermon s vision of life in the light of the crucified Messiah but one also finds distinctive perspectives
 in such areas as Christology eschatology and atonement Gray and Peeler survey the salient historical social and rhetorical
 factors to be considered in the interpretation of this document as well as its theological liturgical and cultural legacy They
 invite readers to enter the world of one of the boldest Christian thinkers of the first century **Conformed to His Image**
