This Is the Zodiac Speaking Michael D. Kelleher, David Van Nuys, 2002 California was thrown into a paralysis of fear in 1969 horrified by the elusive Zodiac serial killer The Zodiac became the most enigmatic and frustrating adversary ever encountered by the law enforcement community in the San Francisco Bay Area Over 30 years later the Zodiac killings remain unsolved The authors analyze the Zodiac's crimes and supply psychological insight to his letters providing a glimpse into the mind of a mysterious murderer

The Zodiac Killer Kate Rogers, 2017-07-15 Who was the Zodiac Killer who terrorized residents of California during the 1960s and 1970s The answer is still unknown Readers take an in depth look at the investigation that continues to fascinate Americans discovering the details of the crimes and the search for the person who committed them Additional information is presented through engaging sidebars and eye catching fact boxes Historical and contemporary photographs including primary source images help readers place themselves in the middle of one of the most famous unsolved mysteries in American history

Armstrong,2017-06 The Zodiac Killer The Mystery Behind America s Most Feared Serial KillerIf not for the ominous shadow of Jack the Ripper the case of the Zodiac Killer would perhaps be the greatest mystery the world has ever known The Zodiac Killer was the self given name to a murderer who took responsibility for the deaths of at least five people in the San Francisco area of California throughout the 1960s and 1970s Over the decades the case has become synonymous with mystery and injustice The Zodiac Killer s murders were brutal bizarre and without remorse He began by targeting young couples in lovers lanes and executing

them with close range gunshots His murders then progressed indicating a highly unstable frame of mind yet one intelligent enough to evade capture He would go on to taunt the police and the media with strange ciphers and messages which would take significant time to decode some of which remain untranslated to this day Despite extensive searching analysing and profiling no conclusive evidence of the Zodiac Killer s identity has ever been put forward Of course many theories exist some of which appear to answer all of the questions one would have regarded the identity of a notorious serial killer However none are concrete enough to serve as solid confirmation of who he really was This book looks at all the evidence and tries to piece together the clues that point to the true identity of this murderer
