Thomas Rowlandson Pleasures And Pursuits In Georgian England:

Thomas Rowlandson Patricia Elaine Phagan, 2011 Covering three decades from 1784 to 1814 this exhibition catalogue offers a lively introduction to the art of the English satirist Thomas Rowlandson 1757-1827 Accompanying the first major presentation of Rowlandson's work to appear in North America in 20 years it showcases 72 watercolors drawings and prints As described in the introduction by curator Phagan Vassar Georgian social life is the central theme The two essays by Gatrell and Rauser usefully contextualize Rowlandson's life and visual production in the social and political landscapes of late 18th century London Phagan's catalogue entries are informative and insightful and the generous crisp color images invite the sort of attentive viewing Rowlandson's prints originally would have solicited Six sections survey the pleasures and pursuits of London high society and politics the street clubs and taverns outdoor entertainments art theater and dance sex and romance In contrast to Hogarth's playfully erudite visual morality tales Rowlandson's comic work feels more spontaneous and the images are often less prescriptive in directing one's response The exhibition's emphasis on wider social contexts should make the book attractive to anyone interested in this period of English history Summing Up Highly recommended Upper level undergraduates through researchers faculty general readers General Readers Upper division Undergraduates Graduate Students Researchers Faculty Reviewed by C A Hanson *Thomas Rowlandson* Patricia Elaine Phagan, Thomas Rowlandson, Vic Gatrell, Amelia Faye Rauser, 2011 Published to accompany an exhibition on display at Mary and Leigh Block Museum of Art Northwestern University Evanston Ill Jan 14-Mar 13 2011 and at the Frances Lehman Loeb Art Center Vassar College Poughkeepsie N Y Apr 8-June 12 2011 *The Foxite Whigs and Visual Culture, 1780-1810* Callum D. Smith, 2025-08-22 This book offers a comprehensive exploration of the intricate relationship between radicalism and sociability in late Georgian parliamentary and extra-parliamentary politics focusing on the Foxite Whig faction Re-evaluating the significance and tactical use of sociability and radicalism in late eighteenth and early nineteenth century British politics the book charts not only the rise and fall of a leading and neglected British political faction but through its interdisciplinary and thematic focus it seeks to intervene in the field and situate sociability as a key driver and facilitator of late Georgian politics By utilising original research into contemporary newspapers letters diaries legal records parliamentary accounts and especially political caricature the author offers a new methodological approach in the study of sociability and radicalism and presents original categorisations of contemporary sociability The book examines how sociability was strategically employed by the Foxite Whigs and argues for the existence of two primary forms of sociability insular and porous Insular sociability manifested itself through dining drinking to excess or gambling in a private setting with members of the same aristocratic or political order Porous sociability however was the extra-parliamentary mechanism by which Fox and his faction tactically opened their insular Whig World to forge connections with the lower orders French revolutionary leaders popular radicals and Irish rebels The author provides a detailed analysis of Foxite sociability within the context of distinct radical themes

including plebeian radicalism French Revolutionary radicalism and Irish radicalism Beyond its innovative methodological approach to sociability studies the book foregrounds visual culture as a lens through which to study and enter the wordless experience of the eighteenth century and to view the themes of sociability and radicalism from within In doing so the it reveals the inconsequential or informal dynamics of the Foxites political and extra parliamentary career from their origin in c 1780 to their decline in the early nineteenth century

Touring and Publicizing England's Country Houses in the Long Eighteenth Century Jocelyn Anderson, 2018-02-22 Over the course of the long 18th century many of England's grandest country houses became known for displaying noteworthy architecture and design large collections of sculptures and paintings and expansive landscape gardens and parks Although these houses continued to function as residences and spaces of elite retreat they had powerful public identities increasingly accessible to tourists and extensively described by travel writers they began to be celebrated as sites of great importance to national culture This book examines how these identities emerged repositioning the importance of country houses in 18th century Britain and exploring what it took to turn them into tourist attractions Drawing on travel books guidebooks and dozens of tourists diaries and letters it explores what it meant to tour country houses such as Blenheim Palace Chatsworth Wilton Kedleston and Burghley in the tumultuous 1700s It also questions the legacies of these early tourists both as a critical cultural practice in the 18th century and an extraordinary and controversial influence in British culture today country house tourism is a phenomenon that demands investigation

The Canterbury Catch Club 1826 Chris Price, 2018-11-30 In 1825 an enterprising Canterbury newsagent by the name of Henry Ward raised a subscription to commission a lasting tribute to his beloved musical society The result was a fine lithograph showing 100 gentlemen in assured poses carefully placed in surroundings eloquently freighted with classical allusion cultural literacy deep rooted patriotism and strictly masculine politics That image is the subject of this book With insights gleaned from a unique collection of music papers and artefacts in the archives of the city and the cathedral this study considers not only the accomplished performance of bourgeois status which is clearly visible in the print but other characteristics of the Club which are either less pictorially privileged or entirely omitted Deploying iconographical cultural and musicological analysis the book discusses this curiously contradictory slice of British social history in which the respectable apparently coexisted happily with the libertine What emerges is an unusually clear view of the production performance and consumption of music in a provincial city at a fascinating time a period when cultural activity was a strategic assertion of socio political identity

The First Bohemians Vic Gatrell, 2013-10-03 The colourful salacious and sumptuously illustrated story of Covent Garden the creative heart of Georgian London from Wolfson Prize winning author Vic Gatrell SHORT LISTED FOR THE HESSELL TILTMAN PRIZE 2014 In the teeming disordered and sexually charged square half mile centred on London's Covent Garden something extraordinary evolved in the 18th century It was the world's first creative Bohemia The nation's most significant artists actors poets novelists and dramatists lived here From Soho and Leicester Square across Covent

Garden s Piazza to Drury Lane and down from Long Acre to the Strand they rubbed shoulders with rakes prostitutes market people craftsmen and shopkeepers It was an often brutal world full of criminality poverty and feuds but also of high spirits and was as culturally creative as any other in history Virtually everything that we associate with Georgian culture was produced here Vic Gatrell s spectacular new book recreates this time and place by drawing on a vast range of sources showing the deepening fascination with real life that resulted in the work of artists like Hogarth Blake and Rowlandson or in great literary works like *The Beggar s Opera* and *Moll Flanders* *The First Bohemians* is illustrated by over two hundred extraordinary pictures many rarely seen for Gatrell celebrates above all one of the most fertile eras in Britain s artistic history He writes about Joshua Reynolds and J M W Turner as well as the forgotten figures who contributed to what was a true golden age the men and women who briefly dazzled their contemporaries before being destroyed or made by this magical but also ferocious world About the author Vic Gatrell s last book *City of Laughter* won both the Wolfson Prize for History and the PEN Hessell Tiltman Prize his *The Hanging Tree* won the Whitfield Prize of the Royal Historical Society He is a Life Fellow of Caius College Cambridge
