Here at last is the massively updated and augmented second edition of this landmark encyclopedia It contains approximately 1000 entries dealing in depth with the history of the scientific technological and medical accomplishments of cultures outside of the United States and Europe The entries consist of fully updated articles together with hundreds of entirely new topics This unique reference work includes intercultural articles on broad topics such as mathematics and astronomy as well as thoughtful philosophical articles on concepts and ideas related to the study of non Western Science such as rationality objectivity and method You ll also find material on religion and science East and West and magic and science **Following the Red Thread** Louise Kerr,2017-04-20 A frank and engaging memoir Following the Red Thread is a mother s full answer to her daughter s childhood question why did you adopt me Making sense of her early experiences as both the preparation and her motivation to adopt Kerr draws on the Chinese concept of the red thread to detail her long march towards China and the adoption of her much loved daughter Along the way she encounters many different Chinas and comes to love the infinite variety that is the People s Republic on the cusp of the third millennium Kerr s deep desire to adopt is intertwined with her journey back to faith From an outright rejection of Christianity in her teens she rediscovers her faith and realises a childhood promise to serve God overseas Ultimately in seeking out her daughter she finds herself **Arts & Decoration** ,1928
