Each strategy provides everything a teacher needs to get started: a classroom example that models the strategy, a research-based rationale, relevant content standards, suggested books, reader response questions, and prompts/assessment ideas. Examples of how to adapt the strategy for different grade levels (K, 2, 3, 5, and 6, 8) and ideas for differentiating instruction for English language learners and struggling students. Throughout the book, student work samples and classroom vignettes bring the content to life.
