Rutkowski,2008-09-29 UFOs are a truly global phenomenon Although many of the best known cases have taken place in North America amazing stories of witnesses encounters with strange disc shaped objects and their occupants have come from every corner of the globe From a floating platform watched by dozens in Indonesia to a Saturn shaped object that flew over a ship off the coast of Brazil to a landing Down Under UFOs have been baffling witnesses and making headlines around the world What are some of the most interesting cases Which ones seem most mysterious And what can one of the worlds most active UFO researchers and investigators tell us about UFOs from A to Z Join Chris Rutkowski as he takes us on a tour of A World of UFOs **The Presidents and UFOs** Larry Holcombe,2024-08-06 Eminently readable and meticulously researched this fascinating new book documents the evolution of the US government s handling of the UFO phenomenon Nick Pope UK Ministry of Defense UFO Project 1991 1994 and author of The Uninvited The UFO enigma has been part of our culture since the 1940s and building to a worldwide explosion of acceptance today Now as governments around the world open their files and records on internal UFO investigations the US remains steadfast in its denial of interest in the UFO issue As more of the world s population accepts the possibility of an extraterrestrial presence the demand is building for disclosure from the United States Using newly declassified and Freedom of Information Act documents eyewitness accounts interviews and leaked documents being authenticated The Presidents and UFOs details the secret history of UFOs and the corresponding presidential administration Starting in 1941 with the Roosevelt administration author Larry Holcombe examines the startling discoveries facing a president preoccupied by WWII the explosion of UFO sightings during the Truman years first contact during the Eisenhower administration and the possibility of a UFO connection to the Kennedy assassination In 1975 the Nixon administration came very close to admitting that UFOs exist by funding a documentary by Robert Emenegger Almost forty years later this book will examine Emenegger s findings For the first time the involvement of all of the modern presidents up to and including President Obama and the rise and then fall of their influence on UFO issues are told in one story that is an integral part of the fascinating UFO tapestry Holcombe raises many questions and offers plenty of evidence to keep fellow ufologists debating the topic for years to come Publishers Weekly

Extraordinary Popular Delusions of Our Times Daniel Martin,2024-10-16 After graduating from college in 1979 Daniel Martin stuck his thumb out on Interstate 94 in St Paul Minnesota hitchhiking east He returned a year later still hitchhiking east While on that journey around the world he read Charles Mackay s Extraordinary Popular Delusions and the Madness of Crowds first published in 1841 Mackay wrote about the tulip bulb mania and the poor sailor who mistook a priceless bulb for an onion and ate it for breakfast He wrote about alchemy which was practiced with all seriousness by great thinkers of the

time like Thomas Aquinas and Roger Bacon He wrote about the Crusaders who raped and pillaged their way to Jerusalem in order to save their souls He wrote about witch burning a popular delusion that at its peak killed more than five hundred women annually in England alone Daniel Martin was captivated by how relevant and relatable this history remained nearly two centuries later Seventeenth century tulip bulb markets bear a striking resemblance to today s cryptocurrency exchanges Magnetizers and hypnotists still ply the back alleys of alternative medicine as they did two hundred years ago but now they are accompanied by homeopaths acupuncturists and energy healers Even in modern times people still die from religious delusions like suicide bombing Jonestown and the Kenya Starvation Cult The idea of a sequel to Mackay s work percolated in the deep recesses of Daniel Martin s brain for more than forty years and is finally now in print The work includes volumes on Health Delusions Financial Delusions and Political Cultural and Religious Delusions Reading Mackay s original work is not a prerequisite and chapters may be read in any order So pick your favorite delusion and enjoy Table of Contents Volume 1 Your Life Health and Wellness Delusions The Anti Vaccine Movement Alternative Medicine Chiropractic Homeopathy Naturopathy Acupuncture Essential Oils Dietary Supplements Detox Schemes Cupping Ear Candling Reiki Alternative Medicine for Pets Fad Diets Biodynamics Monsanto and the GMO Delusion Volume 2 Your Money Financial Delusions Dot Com Bubble U S Housing Bubble and Global Financial Crisis 2007 08 Ghost Cities The Chinese Housing Bubble Cryptocurrency The Reexamination of Money The Bernie Madoff Ponzi Scheme Whole Lotto Delusion Multi Level Marketing Timeshares Volume 3 Your Soul Cultural Religious and Political Delusions Cultural Delusions Conspiracy Theories An Overview The Mother of all Conspiracy Theories The Sovereign Citizen Movement Holocaust Denial Unidentified Flying Objects Flat Earth HIV AIDS Denialism Climate Change Denialism Coronavirus Conspiracy Theories Year 2000 Bug Y2K Nessie Bigfoot and the Abominable Snowman Chemtrails The Birther Movement Psychic Services Alex Jones and the Sandy Hook School Shooting Catfishing Conspiracy Theory Satire Birds Aren t Real Religious Delusions Mainstream Religion Televangelism Faith Healing Serpent Handling Catholic Priest Sex Abuse Cover up Church of Jesus Christ of Latter Day Saints Jehovah s Witnesses Church of Eckankar Dianetics and the Church of Scientology The Unification Church Moonies End Times The Mayan Apocalypse End Times Heaven s Gate and the Hale Bopp Comet Jim Jones and the Jonestown Massacre Kenya Starvation Cult Lighthouse Cult Branch Davidians Falun Gong Intelligent Design and the Flying Spaghetti Monster Political Delusions QAnon Proud Boys January 6 and the Trump Delusion Dominion Voting Machines Suicide Bombing The Kim Dynasty of North Korea Albania The Hermit Kingdom The Communist Delusion Epilogue Notes and Sources **Invoking the Beyond:** Paul D. Collins, Phillip D. Collins, 2020-11-22 The Gnostic revival of the Enlightenment witnessed the erection of what could be called the Kantian Rift an epistemological barrier between external reality and the mind of the percipient Arbitrarily proclaimed by German philosopher Immanuel Kant this barrier rendered the world as a terra incognita Suddenly the world out there was deemed imperceptible and unknowable In addition to the outer world the cherished metaphysical certainties of antiquity the

soul a transcendent order and God swiftly evaporated The way was paved for a new set of modern mythmakers who would populate the world out there with their own surrogates for the Divine Collectively these surrogates could be referred to as the Beyond because they epistemologically and ontologically overwhelm humanity In recent years the Beyond has been invoked by theoreticians literary figures intelligence circles and deep state operatives who share some variant of a technocratic vision for the world In turn these mythmakers have either directly or indirectly served elitist interests that have been working toward the establishment of a global government and the creation of a New Man Their hegemony has been legitimized through the invocation of a wrathful earth goddess a technological Singularity a superweapon and extraterrestrial gods All of these are merely masks for the same counterfeit divinity the Beyond

Before and After Roswell David A. Clary, 2001-01-22 The flying saucer has been the most vivid and persistent image in American life of the last half century It has also generated more controversy and rancor than anything else that might be characterized as a fantasy It is malleable suiting a wide variety of beliefs and outlooks touching nearly every public concern It arrived as a mysterious threat from above a metaphor for The Bomb It transformed swiftly into a hope from above promising to save us from ourselves Renamed UFO it became a symbol for those who distrusted the government Along its way through the postwar skies it acquired a cargo that included every species of hoax craziness lunacy and even sexual fantasy along with a fair amount of scientific and political baggage The flying saucer myth says much about how Americans react to the unexpected Before and After Roswell The Flying Saucer in America 1947 1999 places the flying saucer idea in the context of history politics entertainment and science to arrive at an explanation of what it is all about and how it got that way Because the Roswell incident the story that a flying saucer crashed near Roswell New Mexico in 1947 and that the government has hidden the truth about it ever since has dominated the subject recently the book is anchored around that particular story while demonstrating that the flying saucer did exist before and after Roswell It corrects some misconceptions including one that holds that because a majority of people say they believe in UFOs they therefore believe in a conspiracy to cover up the truth about them After detailing what actually happened in Roswell in 1947 the book takes up the birth of the flying saucer earlier that year underscoring the fact that the name originally denoted its movement not its

shape The text then examines the Air Forces and CIAs responses to the phenomenon and the rise of competing bands of ufologists true believers and skeptics to dominate debate over it The book also addresses Cold War contributions to the UFO issue and the role of Hollywood in providing the images that defined it Along the way it describes the crashed saucer tradition the contactees abductions men in black the Bermuda Triangle ancient astronauts cattle mutilations the little gray alien SETIs Drake Equation sex and the flying saucer and the rise of a new ufology emanating from the conspiracy culture growing out of the Kennedy assassination mythology and the Watergate scandal Part Two of Before and After Roswell begins with the invention of the incident in 1980 then traces the history of the flying saucer idea to the end of the century Important here are the submersion of the saucer into the larger anti government conspiracy tradition of that period and the increasing domination of the subject by television including Area 51 a myth invented on a TV show and the combined influence of reality based cable documentaries and the amazingly popular series The X Files Also addressed are such things as crop circles the MAJIC hoax the face on Mars UFO conspiracy fiction and the explosion of the abduction belief A chapter on The Battle of Roswell traces the evolution of that controversy through a succession of books by ufologists in the end it broke down into disputed orthodoxies and feuds over who had the real crash site to charge admission to When boosters tried to turn Roswell into a tourist attraction their quarrels and mercenary outlook alienated the town and made the annual UFO Encounter a flop The book concludes that the flying saucer is not a thing but an idea and one that will overcome the burden of Becoming Gods James Gilliland,2016-01-21 Some will think it a contradiction in terms to speak of a practical book about spirituality but in James Gilliland s Becoming Gods Cazekiel a member of an unseen brotherhood teaches us in a very straightforward and pragmatic manner about our divinity and our true heritage as multidimensional beings Speaking to us in a non condescending tone as fellow beings of the Light Cazekiel presents profound guidance regarding the true meaning of Christ Consciousness the balance of existing between two worlds the reality of dreams and visions and reveals the New World about to be born as the Old World passes away The wisdom teachings in this book are highly recommended for all those seeking self mastery Brad Steiger coauthor of Star People and Starborn and author of Revelation The Divine Fire **Spaceships of the Pleiades** Kal K. Korff,2010-08-05 The case of Eduard Billy Meier has gained worldwide attention for his claims of being in on going contact with aliens from the star cluster known as the Pleiades Purported to be the most documented UFO account of all time Meier s files consist of 1 000 photographs and 12 motion picture films of the visiting spacecraft Through thousands of pages of contact notes Meier claims to have passed on the wisdom and advanced technical knowledge from his conversations with these aliens designed to help guide our evolution In addition he alleges that 40 independent eyewitnesses have also seen the alien ships and observed Meier s contacts with them The aliens also left numerous landing tracks in the ground and gave Meier various rock metal mineral and crystal samples as proof of their visitations Author Kal Korff conducted the most thorough examination ever into the case of Billy Meier and all its alleged evidence and reveals here how

a Swiss farmer hatched and continues to maintain the most elaborate UFO hoax in history **Encounter in the Desert** Kevin Randle, 2017-10-23 From a former army officer and author of UFOS and the Deep State a new examination of a UFO sighting in a New Mexican arroyo The UFO landing at Socorro has been wrapped in controversy almost from the moment that police officer Lonnie Zamora watched a craft descend and land Zamora saw alien beings near the craft and a symbol on its side but was told that he shouldn't mention either Encounter in the Desert reveals for the first time exactly what he saw in that arroyo in 1964 and what an examination of the landing revealed to investigators Socorro wasn't a stand alone case Other sightings some of them nearly as spectacular as Zamora's were reported at the time A study of the Air Force investigation of this case reveals an effort at first to learn the truth that mutated into a clever attempt to hide the information from the public Encounter in the Desert reveals all this and much more including The first new in depth look at the Zamora UFO landing in more than three decades Other reports of alien creatures sighted around the country at the same time An examination of the physical evidence found on the landing site The revelation that there were other witnesses to the craft and the landing

Alien Intervention Paul Christopher, 1998 The mystifying connection between the occult the New Age movement and the UFO phenomenon From both a Christian and objective perspective and through his unique approach the author reveals a complex and ingenious scheme that is rapidly unfolding as Extraordinary Encounters Jerome Clark, 2000-12-15 Here is the first A Z encyclopedia to explore the convictions held by many in the modern day world that extraterrestrials angels fairy folk and other dimensional intelligences regularly interact with human beings Extraordinary Encounters An Encyclopedia of Extraterrestrials and Otherworldly Beings is the first ever illustrated A Z encyclopedia to explore these fascinating modern day beliefs personalities beings and events Among the beings you'll meet in its pages are Abraham a collection of highly evolved entities that speak in one voice Metranon the divine interface between God and the Outer Worlds and sometime Old Testament angel and The Planetary Council whose members include Jove Merlin Quetzalcoatl and Lao Tzu **Alien**

Abduction in the Cinema Paul Meehan, 2023-08-03 The alien abduction phenomenon is one of the enduring enigmas of our time While the reality of alien abductions is a hotly debated topic among UFO researchers scientists skeptics and true believers alike the phenomenon indisputably exists as an artifact of popular culture This book analyzes more than 75 films that draw their inspiration from allegedly fact based accounts of alien contact from 1951's The Man from Planet X to Contactee in 2021 These films are examined in terms of both their cinematic qualities and their exploration of thematic elements derived from abduction reports Abduction motifs that appear in science fiction classics such as The Day the Earth Stood Still 2001 and Close Encounters are analyzed as well as those in lesser known films like The Stranger Within Starship Invasions Dark Skies and Proximity Special attention is given to movies based on the famed experiences of abductees Betty and Barney Hill Whitley Strieber and Travis Walton The book also addresses skeptical theories about the origins of the phenomenon in science fiction and examines an uncanny prescience that appears to anticipate these inexplicable

occurrences *Shadows in the Sky* Neil Arnold, 2012-02-29 Although the saying Pigs might fly may bring a smile to one's lips even stranger things have been reported as appearing in Britain's skies over the centuries Eye witnesses have testified that various terrifying and bizarre forms have appeared in the skies from ghostly planes phantom airships and UFOs to reports of sky serpents celestial dragons flying jellyfish rains of fish or blood or metal or frogs even reports of a griffin seen over London It also considers reports of haunted aircraft hangars and airfields *Shadows in the Sky* compiles hundreds of accounts from the spine chilling to the downright bizarre that'll keep your eyes fixed looking upwards *Tracking Alien Encounters* Jenna Vale, Jenna Silverstein, 2018-12-15 Readers will be fascinated by this book containing some of the most famous reported encounters with extraterrestrials to date They will discover Grays haunting eyewitness accounts and some of the most well known names in the investigation of alien life on Earth Examples of relevant technology are also covered such as satellites that detect fast radio bursts in space that may indicate the possibility of intelligent life beyond our solar system This volume also encourages critical thinking skills with the Debunk It sidebar inspiring readers to embrace these accounts with open minds but to also come to their own conclusions using the evidence available A chapter on the prevalence of extraterrestrials in pop culture rounds out this captivating text *Catalog of Copyright Entries. Third Series* Library of Congress. Copyright Office, 1976 *Extraterrestrial Ethics* Jensine Andresen, 2023-11-25 This unique book takes both inductive and deductive approaches to the topic of extraterrestrial ethics Inductively it asks what kind of ethics an advanced intelligent extraterrestrial species might display Deductively it asks how human beings should transform their own understanding of ethics to prepare for widespread contact with an advanced extraterrestrial species Using the ontological interpretation of quantum mechanics proposed by physicist and philosopher David Bohm *Extraterrestrial Ethics* considers how an extraterrestrial intelligence ETI may view ethical concerns relating to humankind The book examines two areas of concern nuclear technologies and the militarization and weaponization of space The text of the Fiscal Year 2022 National Defense Authorization Act FY22 NDAA in the United States clearly states that Unidentified Aerial Phenomena UAP have been reported at sites associated with nuclear weapons nuclear powered ships and submarines nuclear power generating stations etc suggesting that ETI is very concerned about the human use of nuclear technologies Furthermore the more ubiquitous level of UAP sightings by the U S military over the last few years as documented in the June 2021 report from the Office of the Director of National Intelligence ODNI in the U S suggest that ETI also is concerned about rapid acceleration relating to the militarization and weaponization of space The book concludes by advocating a normative approach to de militarize space

UFOs and Government Michael D. Swords, 2012 Governments around the world have had to deal with the UFO phenomenon for a good part of a century How and why they did so is the subject of *UFOs and Government* a history that for the first time tells the story from the perspective of the governments themselves It's a perspective that reveals a great deal about what we citizens have seen and puzzled over from the outside for so many years The story which is unmasked by the

governments own documents explains much that is new or at least not commonly known about the seriousness with which the military and intelligence communities approached the UFO problem internally Those approaches were not taken lightly In fact they were considered matters of national security At the same time the story reveals how a subject with such apparent depth of experience and interest became treated as if it were a triviality And it explains why one government the United States government deemed it wise and perhaps even necessary to treat it so Though the book focuses primarily on the U S government s response to the UFO phenomenon also included is the treatment of the subject by the governments of Sweden Australia France Spain and other countries This large format fully illustrated book is the result of a team effort that called itself The UFO History Group a collection of veteran UFO historians and researchers who spent more than four years researching consulting writing and editing to present a work of historical scholarship on government response to the UFO phenomenon Michael Swords was the primary author of the United States chapters The work was coordinated and edited by Robert Powell Clas Svahn Vicente Juan Ballester Olmos Bill Chalker and Robert Powell contributed country chapters Jan Aldrich was the primary content consultant with additional content consultation and writing coming from Barry Greenwood and Richard Thieme Steve Purcell was the primary photo illustration editor From the foreword by Jerome Clark While UFOs and Government revisits an often unhappy history the reading of it is far from an unhappy experience The authors eloquent intelligent sophisticated and conscientious provide us with the first credible comprehensive overview of official UFO history in many years Most of the current volume deals with U S military and intelligence responses to the UFO phenomenon but it also features richly informative chapters that expand the story across the international arena If you re looking for an example of a nation that dealt productively with the UFO reports that came its official way you will take heart in the chapter on the French projects From here on every responsible treatment of UFOs and government will have to cite UFOs and Government prominently among its sources this is the real story as accurately as it can be reconstructed in the second decade of the new century I expect to keep my copy close at hand and to return to it often While it cannot be said of many books UFO themed or otherwise this is among the essential ones Stray from it at your peril *Project Beta* Greg Bishop,2005-02-08 The horrifying true story of a government authorized campaign of disinformation that defined an era of alien paranoia and destroyed the life of Paul Bennewitz an electrical physicist P 4 of cover **The Edge of Reality** J. Allen Hynek,Jacques Vallee,2023-11-06 From the outset Hynek and Vallee make their position clear UFOs represent an unknown but real phenomenon The far reaching implications take us to the very edge of what we consider known and real in our physical environment Perhaps say the authors UFOs signal the existence of a domain of nature as yet totally unexplored In this mind stretching book the authors sample UFO reports including those allegedly involving humanoids and describe the perceived patterns in the behavior of the phenomenon They also establish a framework for further study Where might such study lead What can be studied and how What is the real nature of the UFO phenomenon Does it originate with the actions of other intelligences in

the universe If so where and what might they be Does the UFO phenomenon have a purely physical explanation or is there a vast hidden realm that holds the solution In this invaluable work we gain insight into the thinking of Hynek and Vallee s research and investigations into UFOs including Project Blue Book the Pascagoula case and the Betty and Barney Hill experience
