Writing History A Professors Life:

Writing History Michael Bliss, 2011-09-20 One of Canada's best known and most honoured biographers turns to the raw material of his own life in *Writing History*. A university professor, prolific scholar, public intellectual and frank critic of the world he has known, Michael Bliss draws on extensive personal diaries to describe a life that has taken him from small town Ontario in the 1950s to international recognition for his books in Canadian and medical history. His memoir ranges remarkably widely: it encompasses social history, family tragedy, a critical insider's view of university life, Canadian national politics, and above all, a rare glimpse into the craftsmanship that goes into the research and writing of history in our time. Whether writing about pigs and millionaires, the discovery of insulin, sleazy Canadian politicians, or the founders of modern medicine and brain surgery, Michael Bliss is noted for the clarity of his prose, the honesty of his opinions, and the breadth of his literary interests.

The Discovery of Insulin Michael Bliss, 2021-09-30 This special centenary edition of *The Discovery of Insulin* celebrates a path-breaking medical discovery that has changed lives around the world.

Writing History in Late Imperial Russia Frances Nethercott, 2019-12-26 It is commonly held that a strict divide between literature and history emerged in the 19th century with the latter evolving into a more serious disciple of rigorous science. Yet in turning to works of historical writing during late Imperial Russia, Frances Nethercott reveals how this was not so: rather, she argues, fiction, lyric poetry, and sometimes even the lives of artists consistently and significantly shaped historical enquiry. Grounding its analysis in the works of historians Timofei Granovskii, Vasilii Klyuchevskii, and Ivan Grevs, *Writing History in Late Imperial Russia* explores how Russian thinkers, being sensitive to the social, cultural, and psychological resonances of creative writing, drew on the literary canon as a valuable resource for understanding the past. The result is a novel and nuanced discussion of the influences of literature on the development of Russian historiography, which shines new light on late Imperial attitudes to historical investigation and considers the legacy of such historical practice on Russia today.

Finding a Way to the Heart Robin Brownlie, Valerie J. Korinek, 2012 When Sylvia Van Kirk published her groundbreaking book *Many Tender Ties* in 1980, she revolutionized the historical understanding of the North American fur trade and introduced entirely new areas of inquiry in women's social and Aboriginal history. Using Van Kirk's themes and methodologies as a jumping off point, *Finding a Way to the Heart* examines race, gender, identity, and colonization from the early nineteenth to the late twentieth century and illustrates Van Kirk's extensive influence on a generation of feminist scholarship.

Clark came under severe posthumous attack in the pages of Quadrant by none other than Peter Ryan who had published five of the six volumes of Clark's epic A History of Australia In applying what he called an overdue axe to a tall poppy Ryan lambasted the History as an imposition on Australian credulity and declared its author a fraud both as a historian and a person This unprecedented public assault by a publisher on his best selling author was a sensation at the time and remains lodged in the public memory In History Wars Doug Munro forensically examines the right and wrongs of Ryan's allegations concluding that Clark was more sinned against than sinning and that Ryan repeatedly misrepresented the situation More than just telling a story Munro places the Ryan Clark controversy within the context of Australia's History Wars This book is an illuminating saga of that ongoing contest James Curran University of Sydney The Ryan Clark controversy speaks to the place of Manning Clark in Australia's national imagination Had Ryan taken his axe to another historian it's unlikely that we would be still talking about it 30 years later But Clark was the author and keeper of Australia's national story however imperfect his scholarship and however blinkered that story Few if any historians in the Anglo American world have occupied the space that Clark occupied by dint of will force of personality and felicity of pen Donald Wright University of New Brunswick
