Writing Otherwise Experiments In Cultural Criticism:

Writing otherwise Jackie Stacey, Janet Wolff, 2016-05-16 Writing otherwise is a collection of essays by established feminist and cultural critics interested in experimenting with new styles of expression. Leading figures in their field such as Marianne Hirsch, Lynne Pearce, Griselda Pollock, Carol Smart, Jackie Stacey and Janet Wolff all risk new ways of writing about themselves and their subjects. Aimed at both general and academic readers interested in how scholarly writing might be more innovative and creative, this collection introduces the personal, the poetic and the experimental into the frame of cultural criticism. This collection of essays is highly interdisciplinary and contributes to debates in sociology, history, anthropology, art history, cultural and media studies and gender studies.

The Craft of Knowledge C. Smart, J. Hockey, A. James, 2014-09-29 This book is a contribution to contemporary debates on social research with a unique focus on the relationship between methods and the crafting of knowledge. Nine experienced researchers from different disciplines have come together to explore what really matters to them in the process of doing qualitative research.

Music, Memory and Memoir Robert Edgar, Fraser Mann, Helen Pleasance, 2019-06-27 Music, Memory and Memoir provides a unique look at the contemporary cultural phenomenon of the music memoir and leading from this the way that music is used to construct memory. Via analyses of memoirs that consider punk and pop, indie and dance, this text examines the nature of memory for musicians and the function of music in creating personal and cultural narratives. This book includes innovative and multidisciplinary approaches from a range of contributors consisting of academics, critics and musicians evaluating this phenomenon from multiple academic and creative practices and examines the contemporary music memoir in its cultural and literary contexts.

Women Photographers and Feminist Aesthetics Claire Raymond, 2017-04-21 Women Photographers and Feminist Aesthetics makes the case for a feminist aesthetics in photography by analysing key works of twenty-two women photographers including cis and trans women photographers. Claire Raymond provides close readings of key photographs spanning the history of photography from nineteenth-century Europe to twenty-first-century Africa and Asia. She offers original interpretations of well-known photographers such as Diane Arbus, Sally Mann and Carrie Mae Weems, analysing their work in relation to gender, class and race. The book also pays close attention to the way in which indigenous North Americans have been represented through photography and the ways in which contemporary Native American women photographers respond to this history. Developing the argument that through aesthetic force emerges the truly political, the book moves beyond polarization of the aesthetic and the cultural. Instead, photographic works are read for their subversive political and cultural force as it emerges through the aesthetics of the image. This book is ideal for students of Photography, Art History, Art and Visual Culture and Gender.

Feminism and Art in Postwar Italy Francesco Ventrella, Giovanna Zapperi, 2020-10-29 A renowned art critic of the 1960s, Carla Lonzi abandoned the art world in 1970 to found Rivolta Femminile, a pioneering feminist collective in Italy. Rather than separating the art world luminary from the activist, however, this book looks at the two

together It demonstrates that even as Lonzi refused art she articulated how feminist spaces and communities drew strength from creativity The eleven essays in this book document the artistic and feminist circles of postwar Italy a time characterised both by radical protest and avant garde aesthetics using primary and archival sources never before translated into English They map Lonzi s deep connections to the influential Italian Arte Povera movement and explore her complicated relationship with female artists of the time such as Carla Accardi and Suzanne Santoro Carla Lonzi s written work and activism represents a crucial but previously overlooked feminist intervention in traditional art history from beyond the Anglo American canon This book is a timely and urgent addition to our understanding of radical politics separatist feminism and art criticism in the postwar period Learning and Using Languages in Ethnographic Research Robert Gibb, Annabel

Tremlett, Julien Danero Iglesias, 2019-10-11 Learning and Using Languages in Ethnographic Research breaks the silence that still surrounds learning a language for ethnographic research and in the process demystifies some of the multilingual aspects of contemporary ethnographic work It does this by offering a set of engaging and accessible accounts of language learning and use written by ethnographers who are at different stages of their academic career A key theme is how researchers experiences of learning and using other languages in fieldwork contexts relate to wider structures of power hierarchy and inequality The volume aims to promote a wider debate among researchers about how they themselves learn and use different languages in their work and to help future fieldworkers make more informed choices when carrying out ethnographic research using other languages Are You Judging Me Yet? Kim Moore, 2023-03-08

Five lyric essays exploring the dynamics of performing poetry as a female poet confronting the implications of being a female on public display with the connotations of sexual objectification in a context that traditionally disregards the body Kim states With the strides and gains made through the MeToo movement I believe the time is right for a book like this to make an impact As a female poet I know there is a need for such a book to examine the intersection between writing performing feminism and sexism I wish this book had been written when I first started working as a freelance writer and I ve had many conversations with other female poets who have also confirmed my thinking that female poets are navigating these things regularly and yet nobody is really writing or talking about them The book draws on her experiences of writing and performing the poems in her second collection *All the Men I Never Married* It is a balance of memoir academic treatise and poetry though the author s emphasis is on writing in a popular way and making the subject accessible to a wide audience To achieve this her models have been Maggie Nelson s *Bluets* Claudia Rankine s *Citizen* and Sarah Ahmed s *Living a Feminist Life* The book s subjects include heckling at poetry readings and other interactions problems with the male gaze and what the female gaze might look like in poetry guilty for being a man how guilt can be useful if it can bring about change how writing poetry about sexism can shed add meaning to the term the objectification of men and women and bad faith arguments *Are You Judging Me Yet?* by Kim Moore is a remarkable collection of essays and poetry that explore as the tagline suggests everyday sexism neverintimate Moore s work
