address the challenges that students will face as they journey to the peak of their academic career and complete their dissertation. Completing a dissertation is a transformative and fulfilling life experience. It requires knowledge, tenacity, and preparation for the inevitable uncertainties that will arise along the way. It also necessitates strategies and techniques for dealing with the unanticipated events that many dissertation writers face, such as procrastination, writer's block, and the uncertainty of how to conduct a literature review or approach a methods section. This newly revised edition addresses those elements and also includes indispensable information for organizing and writing a dissertation. Recommendations for identifying and writing research methods. Expanded coverage of research ethics. Insightful reflections from students who have effectively written and defended their dissertations. From preparing for the climb to enjoying the view from the summit, this book will assist you to successfully complete *The Dissertation Journey: The Essential Guide to Doing Your Research Project*. Zina O'Leary, 2017-03-20. Lecturers request your electronic inspection copy here. The ultimate companion to successfully completing your research project, the author guides you through a step-by-step approach to research and provides all of the skills and momentum you need to excel. Each stage of a project is clearly set out with best practice highlighted alongside pragmatic advice for tackling research in the real world. The Third Edition uses multidisciplinary case studies and examples from the author's own experience to answer your questions and support your progress as you move smoothly through each stage. With a new chapter on mixed methods approaches, more on disseminating research, more on the practical and legal implications of ethics, and more international examples, the book is packed full of learning features and tools to support your journey, including a fully developed website with podcasts, videos, journal articles, and examples of real projects. Activities and worksheets to help you organize your time. Learning objectives to sustain your momentum. Top tips relating to key research skills. Full glossary to test understanding and provide definitions. Annotated further reading to help you move through the literature. Excuse me I have a question feature to answer common questions.
