Writing On The Body Female Embodiment And Feminist Theory:

Writing on the Body Katie Conboy, Nadia Medina, Sarah Stanbury, 1997 This work comprises a collection of influential readings in feminist theory It is divided into four sections Reading the Body Bodies in Production The Body Speaks and Body on Stage

Writing on the Body Katie Conboy, Nadia Medina, Sarah Stanbury, Professor Sarah Stanbury, 1997 Exploring the tensions between women's lived bodily experiences and the cultural meanings inscribed on the female body this volume complete with editors introduction includes classic and contemporary essays on rape pornography eroticism anorexia body building menstruation and maternity and challenges racial class and sexual categories

The American Body in Context Jessica R. Johnston, 2001 From Marilyn Monroe to the Spice Girls from Grover Cleveland to President Clinton to one's naked form reflected in the mirror each morning Americans are taught to read bodies as symbols displaying and revealing hidden truths about the individual and his or her behaviours Any discussion of the body becomes complex and muddled as one tries to analyze how and why certain body types are attributed certain meanings

The Body Lisa Blackman, 2021-06-21 Thoroughly updated and revised throughout with brand new chapters on affective bodies indeterminate bodies assemblaged bodies and a new conclusion and featuring essay and classroom questions for classroom use The Body Key Concepts Second Edition presents a concise and up to date introduction to and analysis of the complex and influential debates around the body in contemporary culture Lisa Blackman outlines and illuminates those debates which have made the body central to current interdisciplinary thinking across the arts humanities and sciences Since body studies hit the mainstream it has grown in new regions including China and moved in new directions to question what counts as a body and what it means to have and be a body in different contexts milieu and settings Lisa Blackman guides the reader through socio cultural questions around representation performance class race gender disability and sexuality to examine how current thinking about the body has developed and been transformed Blackman engages with classic anthropological scholarship from Nancy Scheper Hughes and Margaret Lock revisits black feminist writings from the 1980s as well as engaging with recent debates thought and theorists who are inventing new concepts methods and ways of apprehending embodiment which challenge binary and dualistic categories It provides an overview of the proliferation of body studies into other disciplines including media and cultural studies philosophy gender studies and anthropology as well as mapping the future of body studies at the intersections of body and affect studies

The Body and Embodiment Frank Chouraqui, 2021-04-07 Perfect for use at advanced undergraduate and graduate level this is the first text to offer students a unified narrative regarding the place of the body in Western thinking The book investigates the ways in which the fact of human embodiment makes the notion of ambiguity central to all major areas of philosophy The body is both active and passive powerful and vulnerable and it provides both access through perception and limitation through localisation As such it fundamentally informs ontological political ethical and epistemological issues The book takes as its starting point the devaluation of the body by philosophers

from Plato to Descartes and then focuses on several dimensions of the body as investigated by post Kantian philosophy through a discussion of the intentional body embodied cognition and the politicization of the body The book engages with both the Continental and Anglo American philosophical traditions and includes a broad range of sources and texts The unified approach and clear writing make this lively text accessible to those working in other disciplines such as Anthropology Cultural Studies and Gender Studies

Knowledges, Practices and Activism from Feminist Epistemologies Eulalia Pérez Sedeño, Lola S. Almendros, S. García Dauder, Esther Ortega Arjonilla, 2019-07-15 Science Technology and Gender studies

STG include the different approaches to feminist epistemologies their current debates and also the theoretical analysis of different scientific controversies around cases that involve women s bodies and health sex gender and techno scientific practices These studies are linked to the demand for another type of hybrid knowledge that revalorizes the practices the embodied experience and care as well as the subject positions traditionally excluded from the scientific community The diversity of voices has allowed a plural knowledge in techno scientific practices to emerge as well as the identification of gender class sexuality race functional diversity inequalities for example This has made possible a bioethical reflection which is not understood as abstract normative principles but linked to the practices and lived experience Divided into three parts this edited volume presents original and insightful research on STG from feminist epistemologies The first part addresses fundamental theoretical questions that feminist epistemologies raise and how they confront complex social problems such as gender based violence The second part deals with research practices or processes explicitly showing the relationship between science and policy Finally the third part presents some case studies that show the multidimensionality of the problems and the depth and richness of these analyses The contributions included in the volume present original and in depth research on local case studies within Spain Not only challenging the hegemonic and global perspectives on different issues this volume also opens up and enables discussion of these global narratives This edited volume is a useful tool for researchers and university students in multiple fields such as gender studies feminist epistemologies STS cultural history or transgender studies

Gender, Madness, and Colonial Paranoia in Australian Literature Laura Deane, 2017-05-31

This book offers an original and compelling analysis of women s madness gender and the Australian family Taking up Anne McClintock s call for critical works that psychoanalyze colonialism this radical re assessment of novels by Christina Stead and Kate Grenville provides a sustained account of women s madness and masculine colonial psychosis from a feminist postcolonial perspective This book rethinks women s madness in the context of Australian colonialism Taking novels of madness by Christina Stead and Kate Grenville as its point of critical departure it applies a post Reconciliation lens to the study of Australia s gender and racial codes to place Australian sexism and misogyny in their proper colonial context Employing madness as a frame to rethink postcolonial theorizing in Australia Gender Madness and Colonial Paranoia in Australian Literature psychoanalyses colonialism to argue that Australia suffers from a cultural pathology based in the

strategic forgetting of colonial violence This pathology takes the form of colonial paranoia about race and gender producing distorted gender codes and ways of being Australian This book maps the contours of Australian colonial paranoia weaving feminist literary theory psychoanalysis and postcolonial theory with poststructuralist approaches to reassess the traditional canon of critical madness scholarship and the place of women's writing within it This provocative work marks a radical departure from much recent feminist cultural and postcolonial criticism and will be essential reading for students of Australian literature cultural studies and gender studies wanting a new insight into how the Australian psyche is shaped by settler colonialism

The Ambivalent Art of Katherine Anne Porter Mary Titus, 2012-02-01 During a life that spanned ninety years Katherine Anne Porter 1890-1980 witnessed dramatic and intensely debated changes in the gender roles of American women Mary Titus draws upon unpublished Porter papers as well as newly available editions of her early fiction poetry and reviews to trace Porter's shifting and complex response to those cultural changes Titus shows how Porter explored her own ambivalence about gender and creativity for she experienced firsthand a remarkable range of ideas concerning female sexuality These included the Victorian attitudes of the grandmother who raised her the sexual license of revolutionary Mexico 1920s New York and 1930s Paris and the conservative ordered attitudes of the Agrarians Throughout Porter's long career writes Titus she repeatedly probed cultural arguments about female creativity a woman's maternal legacy romantic love and sexual identity always with startling acuity and often with painful ambivalence Much of her writing then serves as a medium for what Titus terms Porter's gender thinking her sustained examination of the interrelated issues of art gender and identity Porter says Titus rebelled against her upbringing yet never relinquished the belief that her work as an artist was somehow unnatural a turn away from the essential identity of woman as the repository of life as childbearer In her life Porter increasingly played a highly feminized public role as southern lady but in her writing she continued to engage changing representations of female identity and sexuality This is an important new study of the tensions and ambivalence inscribed in Porter's fiction as well as the vocational anxiety and gender performance of her actual life
