Opportunities and Challenges for Tourism and Hospitality in the BRIC Nations Dhiman, Mohinder Chand,2016-09-06 The stability and

wealth of a nation's economy is dependent upon the success of various industrial sectors. The tourism industry has experienced massive growth in recent years, creating more jobs and becoming a source of foreign exchange. *Opportunities and Challenges for Tourism and Hospitality in the BRIC Nations* is a pivotal reference source for the latest scholarly research on the recent developments and contemporary issues within the services sector, highlighting cross-cultural implications as well as societal impacts of hospitality and tourism on emerging markets. Providing insight on managing and maximizing profitability, this book is ideally designed for researchers, professionals, upper-level students, and academicians involved in the services industry. *Environmental Engineering and Computer Application* Kennis Chan, 2015-07-27. The awareness of environment protection is a great achievement of humans, an expression of self-awareness. Even though the idea of living while protecting the environment is not new, it has never been so widely and deeply practiced by any nations in history like it is today. From the late 90s in the last century, the surprisingly fast dev **The Future of Humanity** Pavlina Radia, Sarah Fiona Winters, Laurie Kruk, 2019-08-12. What is the future of humanity? What does it mean to be human in the posthuman age? What responsibility does humankind have towards others and their environments? How are the stories that humans tell themselves implicated in the very power asymmetries and eco-political challenges that they bemoan? Taking a cross-disciplinary approach to the posthuman age, the essays in this collection speak to the multifaceted geographies and counter-geographies of humanity, probing into the possible futures we face as planetary species. Some of these include ecological issues generated by centuries of neglecting our environment's power asymmetries stemming from economic and cultural globalization, violence and its affective politics informed by cultural, ethnic, and racial genocides, religious disputes, social inequities produced by consumerism, gender normativity, and the increasing impact of digital and AI/artificial intelligence technology on the human body, as well as historical socio-political, not to mention ethical relations.
