Tourist Attractions Performing Masculinity Brazils:

Tourist Attractions Gregory Mitchell, 2015-12-09 While much attention has been paid in recent years to heterosexual prostitution and sex tourism in Brazil gay sex tourism has been almost completely overlooked In *Tourist Attractions* Gregory C Mitchell presents a pioneering ethnography that focuses on the personal lives and identities of male sex workers who occupy a variety of roles in Brazil's sexual economy Mitchell takes us into the bath houses of Rio de Janeiro where rent boys cruise for clients and to the beaches of Salvador da Bahia where African American gay men seek out hustlers while exploring cultural heritage tourist sites His ethnography stretches into the Amazon where indigenous fantasies are tinged with the erotic at eco resorts and into the homes of kept men who forge long term long distance transnational relationships that blur the boundaries of what counts as commercial sex Mitchell asks how tourists perceive sex workers performances of Brazilianness race and masculinity and in turn how these two groups of men make sense of differing models of racial and sexual identity across cultural boundaries He proposes that in order to better understand how people experience difference sexually we reframe prostitution which Marxist feminists have long conceptualized as sexual labor as also being a form of performative labor *Tourist Attractions* is an exceptional ethnography poised to make an indelible impact in the fields of anthropology gender and sexuality and research on prostitution and tourism

masculinity as central to redefining boundaries of class gender and sexuality particularly looking at the dynamics between self identified gay men and straight acting male prostitutes or rent boys A result of in depth interviews with both self identified gay men and rent boys Ozbay explores the changing discourses and meaning of class gender and queer sexualities and how these three are embedded within urban and familial narratives
