*Tourism and National Parks* Warwick Frost,C. Michael Hall,2012-08-21 In 1872 Yellowstone was established as a National Park The name caught the public s imagination and by the close of the century other National Parks had been declared not only in the USA but also in Australia Canada and New Zealand Yet as it has spread the concept has evolved and diversified In the absence of any international controlling body individual countries have been free to adapt the concept for their own physical social and economic environments Some have established national parks to protect scenery others to protect ecosystems or wildlife Tourism has also been a fundamental component of the national parks concept from the beginning and predates ecological justifications for national park establishment though it has been closely related to landscape conservation rationales at the outset Approaches to tourism and visitor management have varied Some have stripped their parks of signs of human settlement while increasingly others are blending natural and cultural heritage and reflecting national identities This edited volume explores in detail the origins and multiple meanings of National Parks and their relationship to tourism in a variety of national contexts It consists of a series of introductory overview chapters followed by case study chapters from around the world including insights from the US Canada Australia UK Spain France Sweden Indonesia China and Southern Africa Taking a global comparative approach this book examines how and why national parks have spread and evolved how they have been

fashioned and used and the integral role of tourism within national parks The volume s focus on the long standing connection between tourism and national parks and the changing concept of national parks over time and space give the book a distinct niche in the national parks and tourism literature The volume is expected to contribute not only to tourism and national park studies at the upper level undergraduate and graduate levels but also to courses in international and comparative environmental history conservation studies and outdoor recreation management

**Cross-Border Tourism in Protected Areas** Marius Mayer,Wojciech Zbaraszewski,Dariusz Pieńkowski,Gabriel Gach,Johanna Gernert,2019-02-06 This book discusses how tourism between neighboring countries like Poland and Germany is hindered despite the Schengen Treaty Taking protected areas in north eastern Germany and north western Poland as exemplary cases it analyses the phenomenon of socio economic and cultural barriers for cross border tourism It also presents the results of a representative online survey in both countries and discusses socio economic and geographical research on border areas nature tourism in protected areas national stereotypes and prejudices As one of the very few source market studies on protected area tourism it is relevant for scholars and practitioners protected area managers tourism professionals alike providing them with insights into the implications for future research and tourism practice

**Protected Areas** IUCN World Commission on Protected Areas,Hugh Synge,IUCN--The World Conservation Union,2000

**Overtourism** Harald Pechlaner,Elisa Innerhofer,Greta Erschbamer,2019-09-02 Overtourism explores a growing phenomenon in tourism that is currently creating tensions in both urban and rural tourist destinations worldwide This volume proposes a framework for a series of possible solutions and management strategies for dealing with overtourism and the various negative impacts that large quantities of tourists can impose Questioning the causes of this phenomenon such as increased prosperity and mobility technological development issues of security and stigma for certain parts of the world and so on this book supposes that better visitor management strategies and distribution of tourists can offset the negative impacts of overtourism Individual chapters focus on a range of destinations including Venice Barcelona and Dubrovnik as well as UNESCO cultural and natural heritage sites where local political actors and public authorities are not always able to deal with the situation effectively Integrating research and practice this book will be of great interest to upper level students researchers and academics in tourism development studies cultural studies and sustainability as well as professionals in the field of tourism management
