Towards New Cisg Prospective International:

Towards a New CISG Leandro Tripodi, 2015-11-24 In *Towards a New CISG* Leandro Tripodi discusses the aging and need for renovation of the 1980 Vienna Sales Convention. Changes in global political circumstances and to the economy of international sales of goods have rendered the 1980 CISG a dated legal instrument. Its recognized flexibility is not sufficient to cope with past and especially with future changes brought about by the introduction of new technologies affecting all kinds of goods subject to trade. In light of the challenges posed by 21st century commerce, Dr. Tripodi proposes the adoption of a Convention on the International Sale of Goods and Services (CISGS). The idea of a new convention is based on the following facts: 1. goods and services are no longer as distinguishable as they were in 1980; 2. sales of goods and sales i.e. the provision of services are not as easy to apportion as the CISG supposes and can hardly continue to be treated separately by the legal sources of international trade.

The Elgar Companion to UNIDROIT Thomas John, Rishi Gulati, Ben Köhler, 2024-04-12 This comprehensive Companion provides a unique overview of UNIDROIT, the primary independent organisation coordinating the practice of international private law across its 65 member states. As the third in the suite of titles covering the three sisters of uniform private law and private international law, it considers UNIDROIT's role in the creation of existing uniform law as well as posing questions about its future in the sector.

EU Private Law and the CISG Zvonimir Slakoper, Ivan Tot, 2021-09-30 *EU Private Law and the CISG* examines selected EU directives in the field of private law and their effects on the national private law systems of several EU Member States and discusses certain specific concepts of the United Nations Convention on Contracts for the International Sale of Goods (CISG) in light of the CISG's recent fortieth anniversary. The most prominent influence of EU law on national private law systems is in the area of the law of obligations; thus, the book focuses on several EU private law directives that cover the issues belonging to contract and tort law as interpreted in the case law of the Court of Justice of the EU. EU private law concepts need to be interpreted autonomously and uniformly rather than through the lens of national private law systems. The same is true for the CISG, which has not only been one of the most successful instruments of the international trade law unification but has also influenced both the EU private law and domestic laws. In Part I, focused on the EU private law and its effects for national laws, chapters examine the recent Digital Content and Services Directive and its likely impact on the contract law of the UK and Ireland, the role aggressive commercial practices play in EU banking and credit legislation, the applicability of the EU private international law rules to collective redress, the unfair contract terms regime of the Late Payment Directive and its transposition into Croatian law, the implementation of the Commercial Agency Directive in Denmark, Estonia and Germany, and disgorgement of profits as remedy provided in the Trade Secrets Directive. In Part II, dealing with selected CISG issues, chapters discuss the autonomous interpretation of CISG's concept of sale by auction and its notion of intellectual property as well as the CISG's principle of freedom of form and the possibility for reservations with the effect of its exclusion. The book

will be of interest to legal scholars in the field of EU private law and international trade law as well as to the students practitioners members of law reform bodies and civil servants in Europe and beyond **Routledge Handbook on Transnational Commercial Law** Bruno Zeller,Camilla Baasch Andersen,2025-02-21 This handbook edited by Zeller and Andersen is an indispensable contribution to the field of transnational commercial law With an introduction by Sir Roy Goode this book presents perspectives on legal issues of international sales transactions as perceived by world leading experts exposing pragmatic and modern aspects of everything from drafting to uniform laws to dispute resolution The book divides itself between fundamental knowledge of transnational commercial law e g chapters on forum shopping CISG Cape Town Convention etc and current and topical developments e g chapters on blockchain smart contracts metaverse digital assets etc International or transnational trade during the past twenty years has become more and more important outstripping domestic trade as a hallmark of economic success Model laws developed by the United Nations and other international bodies are now being transplanted or ratified by countries so a translational element must always be considered as part of any choice of law Addressing a global audience as the instruments dealt with herein apply to many states in different regions this handbook aims not only at an undergraduate and graduate student audience but also will interest professional lawyers

Balkan Yearbook of European and International Law 2020 Zlatan Meškić,Ivana Kunda,Dušan V. Popović,Enis Omerović,2021-07-05 The second volume of the Balkan Yearbook of European and International Law BYEIL focuses on the United Nations Convention on Contracts for the International Sale of Goods CISG which was signed 40 years ago The contributions analyse a broad range of aspects and reflect the latest developments those in the permanent sections on European Law and International Law explore contemporary challenges in public and private law disciplines offering fresh new perspectives on established concepts English Sales Law Vs. Vienna Convention On CISG Dr. V.V.L.N.

Sastry,2020-05-04 This research provides an analysis of the comparison between the English sales law and the Vienna Convention on Contracts for the International Sale of Goods CISG The two laws have different features that explain the preference of commercial merchants towards the use of the English sales law It is in this context a secondary study subjected to narrative review into how do the features of the English sales law compare with the features of the CISG Act and what competitive advantages and disadvantages do the English sales law and the CISG Act present over each other and what features distinguish English Sales Law from CISG to make international businesspersons prefer operating under the English sales law to operating under the CISG will help understand the intricacies that make English sales law a preferred choice The ambiguity of the CISG is one of the factors that reduces its attractiveness Uncertainty in the interpretation of CISG is one of the main reasons as to why it is unattractive in facilitating international commercial transactions In some instances the courts may issue contradictory interpretations of the law In addition CISG is a fragmentary law as opposed to English sales law which is a comprehensive body of law The paper also provides a recommendation on how to tackle some of the

limitations inherent in CISG Lastly the findings of the study aid in improving the understanding of how best businessmen can make use of and work within the boundaries of the legal English Sales Law as well as of the CISG with an aim to bring about growth in businesses

The Harmonisation of National Legal Systems Antonios E. Platsas, 2017-10-27 This book offers a novel perspective on the leading concept of harmonisation advocating the mutual benefits and practical utility of harmonised law Theoretical models and factors for harmonisation are explored in detail Antonios E Platsas acknowledges a range of additional factors and presents harmonisation as a widely applicable and useful theory

International Sale of Goods Nicolas Nord, Gustavo Cerqueira, 2017-04-19 This book provides an in depth study of Private International Law reasoning in the field of international sale of goods contracts It connects the dots between European and Chinese law and offers an unprecedented transversal and comparative legal study on the matter Its main purpose is to identify the consequences of European rules on Chinese companies and vice versa The first part addresses the conflict of jurisdiction and conflict of law rules while the second part discusses in detail the practical importance and the impact of arbitration which is becoming more common thanks to its flexibility The third part focuses on the Vienna Convention on Contracts for the International Sale of Goods and the Unidroit Principles of International Commercial Contracts and carefully analyses their use The final part examines contracts involving consumers
