

The image is a composite. On the right side, there is a close-up of a woman's face, focusing on her eyes which are closed and her mouth which is open, showing her teeth. She has bright red, glossy lipstick. On the left side, there is an inset image of a fireplace. A fire is burning brightly in the hearth, with flames reaching up. The fireplace has a metal grate with several small, glowing openings. The overall background is dark, making the fire and the woman's face stand out.

Titillate! K.C. Cave,2015-12-07 K C Cave crosses all her sexual boundaries in this collection of no hold barred erotic short stories and flash fiction lesbian MF MMF solo sex bondage and boy on boy fun She s been told that mixing genres in erotic fiction is a no no readers are easily squicked when they come across a sexual flavor they don t like Really Squicked by explicit erotica If that s true you ve been warned But if you like K C have an open mind and body about all the shades and variations of explicit erotica settle in for a good time One Hundred Years after Tomorrow Darlene J. Sadlier,1992-02-22 Appearing for the first time in English these stories express the anguish and courage of women from their different classes and regions as they recognize their common restlessness and forge a new consciousness Booklist provocative Although not all the pieces are outwardly political there is a political edge to the book the tone of the stories is bleak as they tell of Brazilian women s struggles with government society men and their own private demons Sadlier s able translations retain a distinctive voice and style for each writer Publishers Weekly Sadlier has done a service to students of Comparative Literature and Women s Studies as well as to general readers who sincerely want to know what literature of quality is being written in that all too rarely studied Portuguese language of Brazil Revista de Estudios Hispanicos The pieces convey the evolution in the consciousness of the writers their sense of themselves and their place in society as well as the changes affecting Brazil s political climate and society at large during this century Review of Contemporary Fiction A superb addition to the increasing number of anthologies dedicated to Brazilian literature Choice A must for any modern literary collection WLW Journal Women writers have revolutionized Brazilian literature and this impressive collection will provide English readers with a window on this revolution These twenty previously untranslated selections by some of Brazil s most important writers illustrate the remarkable power of women s voices and the important contributions they have made to twentieth century literature **XXX Anthology** Valkyrian Two,2024-11-07 A collection of erotic short stories to titillate and amuse you This is adult content with explicit sexual descriptions and should NOT be read by minors **Fictions of Pleasure** Alistaire Tallent,2023-12-15 Out of the libertine literary tradition of eighteenth century France emerged over a dozen memoir novels of female libertines who eagerly take up sex work as a means of escape from the patriarchal control of fathers and husbands to pursue pleasure wealth and personal independence outside the private domestic sphere In these anonymously published novels the heroines proudly declare themselves prostitutes or putains and use the desire they arouse the professional skills they develop and the network of female friends they create to exploit humiliate and financially ruin wealthy and powerful men In pursuing their desires the putains challenge contemporary notions of womanhood and expose the injustices of ancien r gime France Until the French Revolution spelled the end of the genre these novels proposed not only an appealing libertine utopia in which libertine women enjoy the same benefits as their male counterparts but also entirely new ways of looking at systems of power gender and sexuality **Sex Dolls at Sea** Bo Ruberg,2022-06-14 Investigating and reimagining the origin

story of the sex doll through the tale of the sailor s dames de voyage The sex doll and its high tech counterpart the sex robot have gone mainstream as both the object of consumer desire and the subject of academic study But sex dolls and sexual technology in general are nothing new Sex dolls have been around for centuries In *Sex Dolls at Sea* Bo Ruberg explores the origin story of the sex doll investigating its cultural implications and considering who has been marginalized and who has been privileged in the narrative Ruberg examines the generally accepted story that the first sex dolls were dames de voyage rudimentary figures made of cloth and leather scraps by European sailors on long lonely ocean voyages in centuries past In search of supporting evidence for the lonesome sailor sex doll theory Ruberg uncovers the real history of the sex doll The earliest commercial sex dolls were not the dames de voyage but the femmes en caoutchouc women made of inflatable vulcanized rubber beginning in the late nineteenth century Interrogating the sailor sex doll origin story Ruberg finds beneath the surface a web of issues relating to gender sexuality race and colonialism What has been lost in the history of the sex doll and other sex tech Ruberg tells us are the stories of the sex workers women queer people and people of color whose lives have been bound up with these technologies

Literature and Understanding Jon Phelan, 2020-10-08 Literature and Understanding investigates the cognitive gain from literature by focussing on a reader s close analysis of a literary text It examines the meaning of literature outlines the most prominent positions in the literary cognitivism debate explores the practice of close reading from a philosophical perspective provides a fresh account of what we mean by understanding and in so doing opens up a new area of research in the philosophy of literature This book provides a different reply to the challenge that we can t learn anything worthwhile from reading literary fiction It makes the innovative case that reading literary fiction as literature rather than as fiction stimulates five relevant senses of understanding The book uses examples of irony metaphor play with perspective and ambiguity to illustrate this contention Before arguing that these five senses of understanding bridge the gap between our understanding of a literary text and our understanding of the world beyond that text The book will be of great interest for researchers scholars and post graduate students in the fields of aesthetics literary theory literature in education and pedagogy
