To Pause At The Threshold Reflections On Living On The Border:

To Pause at the Threshold Esther de Waal, 2004-07 A threshold is a sacred thing goes the traditional saying of ancient wisdom In some corners of the earth in some traditional cultures and in monastic life this is still remembered But in our fast paced modern world this wisdom is often lost on us It is important for us to remember the significance of the threshold While it is certainly true that thresholds mark the end of one thing and the beginning of another they also act as borders the places in between the points of transition These can be physical such as the geographical borders of a country others such as the spiritual border between the inner and outer world between ourselves and others are intangible In *To Pause at the Threshold* Esther de Waal looks at what it is like to live in actual border country the Welsh countryside with its slower rhythms and earth linked textures and explores the importance of opening up and being receptive to one's surroundings whatever they may be

The Geography of God's Incarnation Ann Pederson, 2013-07-25 What does geography have to do with the incarnation of God and with our spiritual lives as Christians We will embark on a theological road trip that explores how geographies are at the heart of understanding of God's incarnation in the world It is no surprise to Christians that the center of the incarnation is the person of Jesus Christ God in flesh made manifest However it might be a stretch for some Christians to imagine that the promise that God has become flesh is not only in a person but also in a place in the creation Christians need to expand what incarnation means and what it means to be created in the image of God so that the scope of God's creative and redemptive action and work indeed reaches to the scope of all things from the outer reaches of space to the inner reaches of our hearts To be the creatures of God that God calls us to be requires a kind of dual citizenship within the details of our daily life attending to the needs of our neighbors simultaneously knowing we are part of a greater cosmos whose future is still unfolding

Belonging to Borders Bonnie B. Thurston, 2011-07-01 When the scholar and the poet wrestles in you Bonnie Thurston was once asked by a friend at Tymawr who wins The poems in *Belonging to Borders* are her response In these poems Thurston reverences the borders literal and metaphorical that have been a part of her life since childhood This reverence shines in her deep appreciation for holy space for nature infused with the divine for roots that are deep These prayerful meditations on Celtic saints and places invite the reader to honor the borders in their own lives and to recognize the holiness of living on the borders

Living on the Border Esther De Waal, 2014-07-31 Esther de Waal draws on the ancient traditions of Celtic and monastic spirituality to explore thresholds between people between cultures between the human and the divine Ancient spiritual wisdom teaches that thresholds are sacred places and Esther encourages readers to become more receptive to their surroundings and to learn to pause reflect and meet God at the places of encounter and change in our lives

The Living Church, 2004-07 Where Two Or Three Are Gathered Daniel L. Prechtel, 2012-04 Much has been written about the practice of one to one spiritual directions but much less about small group communities that offer in depth mutual spiritual support and guidance to its members But small groups are most likely the more usual setting for

spiritual companionship and have strong biblical theological and historical foundation in the Christian tradition This book offers a detailed presentation of ten small group models plus guidance in group leadership dynamics It also presents material related to group retreat work spiritual guidance with organizations and peer supervision consultation model for supporting leaders of spiritual companionship groups and retreats Church leaders spiritual directors and educators are looking for the kinds of resources this book provides to assist them in understanding and leading groups and retreats
