A MAN

WAITING FOR LEFTY

As the curtain goes up we see a bare stage. On it are sitting six or seven men in a semi-circle. Lolling against the proscenium down left is a young man chewing a toothpick; a gunman. A fat man of porcine appearance is talking directly to the audience. In other words he is the head of a union and the men ranged behind him are a committee of workers. They are now seated in interesting different attitudes and present a wide diversity of type, as we shall soon see. The fat man is hot and heavy under the collar, near the end of a long talk, but not too hot: he is well fed and confident. His name is MARK PAT.

PAT: You're so wrong I ain't laughing. Any guy with eyes to read knows it. Look at the textile strike—out like lions and in like lambs. Take the San Francisco tie-up—starvation and broken heads. The steel boys wanted to walk out too, but they changed their minds. It's the trend of the times, that's what it is. All we workers got a good man behind us now. He's top man of the country—looking out for our interests—the man in the White House is the one I'm referin' to. That's why the times ain't ripe for a strike. He's working day and night—
BOB (from the audience): For what? (The audience also himself.)
PAT: For you! The records prove it. If this was the Hoover regime, would I say don't go out, boys? Not on your tin-type! But things is different now. You read the papers as well as me. You know it. And that's why I'm against the strike. Because we gotta stand behind the man who's standin' behind us! The whole country—
ANOTHER MAN: Is on the blink! (The audience looks on.)

[Rediscovering Mordecai Gorelik](#) Anne Fletcher, 2009-03-30

Rediscovering Mordecai Gorelik explores the life and work of the pioneering scene designer whose career spanned decades in American theatre Anne Fletcher s insightful volume draws intriguing parallels and contrasts between Gorelik s productions and the theatrical movements of the twentieth century exposing the indelible mark he left on the stage Through

in depth analysis of his letters diaries designs and theoretical works Fletcher examines the ways in which Gorelik s productions can be used as a mirror to reflect the shifting dramatic landscapes of his times Fletcher places Gorelik against the colorful historical backdrops that surrounded him including the avant garde movement of the 1920s World War II the Cold War and absurdism using the designer s career as a window into the theatre during these eras Within these cultural contexts Gorelik sought to blaze his own unconventional path through the realms of theatre and theory Fletcher traces Gorelik s tenures with such companies as the Provincetown Players the Theatre Guild and the Theatre Union as well as his relationships with icons such as Bertolt Brecht revealing how his interactions with others influenced his progressive designs and thus set the stage for major dramatic innovations In particular Fletcher explores Gorelik s use of scenic metaphor the employment of stage design techniques to subtly enhance the tone or mood of a production Fletcher also details the designer s written contributions to criticism and theory including the influential volume *New Theatres for Old* as well as other articles and publications In addition to thorough examinations of several of Gorelik s most famous projects *Rediscovering Mordecai Gorelik* contains explications of productions by such legends as John Howard Lawson Clifford Odets and Arthur Miller Also included are numerous full color and black and white illustrations of Gorelik s work most of which have never been available to the public until now More than simply a portrait of one man this indispensable volume is a cultural history of American theatre as seen through the career of a visionary designer and theoretician

I Don't Need an Acting Class Milton Justice, 2021-11-01 *I Don't Need an Acting Class* explores critical aspects of the technique of acting utilizing conversations via email with countless actors Some are aspiring students others are seasoned professionals The conversations document the challenges these diverse actors face as they digest what they have learned in a class or rehearsal while exploring in practical terms how to use their growing technique Milton Justice first began receiving emails from actors in 2008 In this book Justice brings together email conversations between teacher and student along with observations and commentary about acting technique and craft Not all of the emails in the book are overly thought out or complete Quite the contrary they are meant to capture the feeling of a living breathing process as it happens When an actor sends a teacher or director an email with a problem be it a simple comment or confusion it is evidence of a creative artist exploring new ground Many years ago Stella Adler sent Justice a letter in response to a panicked note he had written to her while lost in the weeds during rehearsals for a new play She set a tone for him as she succinctly defined the problem and reminded him of its elegant solution He was overwhelmed by the care she had given him That letter still hangs over his desk perfectly demonstrating the power of a written exchange between a teacher and a student

The Scandal of Adaptation Thomas Leitch, 2023-04-21 The essays in this volume seek to expose the scandals of adaptation Some of them focus on specific adaptations that have been considered scandalous because they portray characters acting in ways that give scandal because they are thought to betray the values enshrined in the texts they adapt because their composition or reception raises scandalous possibilities those adapted texts had repressed or because they challenge their audiences in ways those texts had never thought to do Others consider more general questions arising from the proposition that all adaptation is a scandalous practice that confronts audiences with provocative questions about bowdlerizing ethics censorship contagion screenwriting and history The collection offers a challenge to the continued marginalization of adaptations and adaptation studies and an invitation to change their position by embracing rather than downplaying their

ability to scandalize the institutions they affront
